KEEP OUT OF REACH OF CHILDREN
CAUTION

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. This label must be in the possession of the user at the time of pesticide application. Read the label affixed to the container for Devrinol 50-DF before applying. Follow all applicable directions, restrictions and precautions on the EPA registered label. The use of Devrinol 50-DF according to this supplemental labeling is subject to all use precautions and limitations imposed by the labels affixed to the containers for Devrinol 50-DF.

DIRECTIONS FOR USE
For control of Annual Grasses and Broadleaf Weeds

Apply 2-4 lbs. of DEVRINOL 50-DF Selective Herbicide per broadcast acre. Consult the product label(s) for application rates required to control specific annual grasses and broadleaf weeds, and for complete list of weeds controlled. Apply by ground application only. Apply preplant or preemergence with ground spay equipment in 20-100 gallons of water per acre. Consult the product label (s) for incorporation directions.

DEVRINOL® 50-DF Herbicide is not recommended for use on soil containing more than 10% organic matter. Spraying on ground heavily covered with leaves or trash may adversely affect weed control. Do not apply to frozen ground.

Do not apply more than once per season.
Do not apply this product through any type of irrigation system.
Do not apply within 90 days of harvest.
