

Annual Report

JULY 1, 2017 - JUNE 30, 2018

Executive Summary 2017-2018

Yes, Concord has a vibe all its own. Concord has a simple and unique natural beauty that is just waiting to be embraced by visitors and meeting planners alike.

Early 2017 launched the branding of "Visit Concord" with an annual tourism marketing, communication and sales plan to promote Concord and enhance the image of Concord's distinct assets and amenities. The Board was tasked with hiring an Executive Director to create awareness, engage advocacy and collaborate with key stakeholders in and around Concord. Visit Concord is now robust and active with three full-time and two part-time staff to connect with the civic leaders, community businesses and non-profit organizations, collaborating on business and community events such as the 150th Anniversary of Concord and Music & Market concert series. Visit Concord staff has also worked tirelessly over this past year to engage at tradeshow and industry events, showcasing Concord as a destination for events and meetings, sports and tournament play, and leisure travel.

The word got out quickly about Concord within the Bay Area Region, bolstered by social media and digital advertising. Staff forged ahead with marketing our destination through print and digital ads, contests, sponsorships and events. Visit Concord also engaged destination industry marketing vendors to create more awareness with a new marketing campaign, digital presence, and website.

“Our job is to connect with people, to interact with them in a way that leaves them better than we found them, more able to get where they'd like to go.”

- Seth Godin

California and the Bay Area's travel and tourism industry is strong and united as a community. Visit Concord has become increasingly more connected with the destination marketing organizations as partnerships flourish with Visit California and San Francisco Travel. Through destination development education and advocacy, the Bay Area tourism industry agencies regularly meet to ensure the best memories will be created for visitors to the Bay Area and Northern California. Visit Concord, in collaboration with Meet Walnut Creek, Stay Pleasant Hill and Visit Tri-Valley, recently created the Mount Diablo Region Alliance to collaborate with marketing and promotional efforts at tradeshow and industry events.

2018-2019 will be a robust year for the Visit Concord team. The launch of a new identity, brand strategy and creative will be implemented with strong strategic initiatives that will raise your awareness, instill your sense of urgency, inspire your confidence, and build the demand for Concord as a True Northern California Original as you are welcomed as well as intrigued by our wonderful city.

A Mission

To promote Concord by increasing the awareness and enhancing the image of our city's distinct assets and amenities.

Vision

Concord is a true Northern California original and recognized as a travel destination to explore the unique experiences of our city, the San Francisco Bay Area, and the Northern California region.
