

TruClean™

## ANTI-STATIC

Permanently inhibits static without chemicals for easier to clean fabrics with improved drape that do not cling or shock.

TruClean™

**TruClean™** Anti-Static is a fiber, not a garment treatment or coating. It's a better way to prevent static and cling, and repel hair, lint and other small particles so fabrics stay clean and looking like new longer.

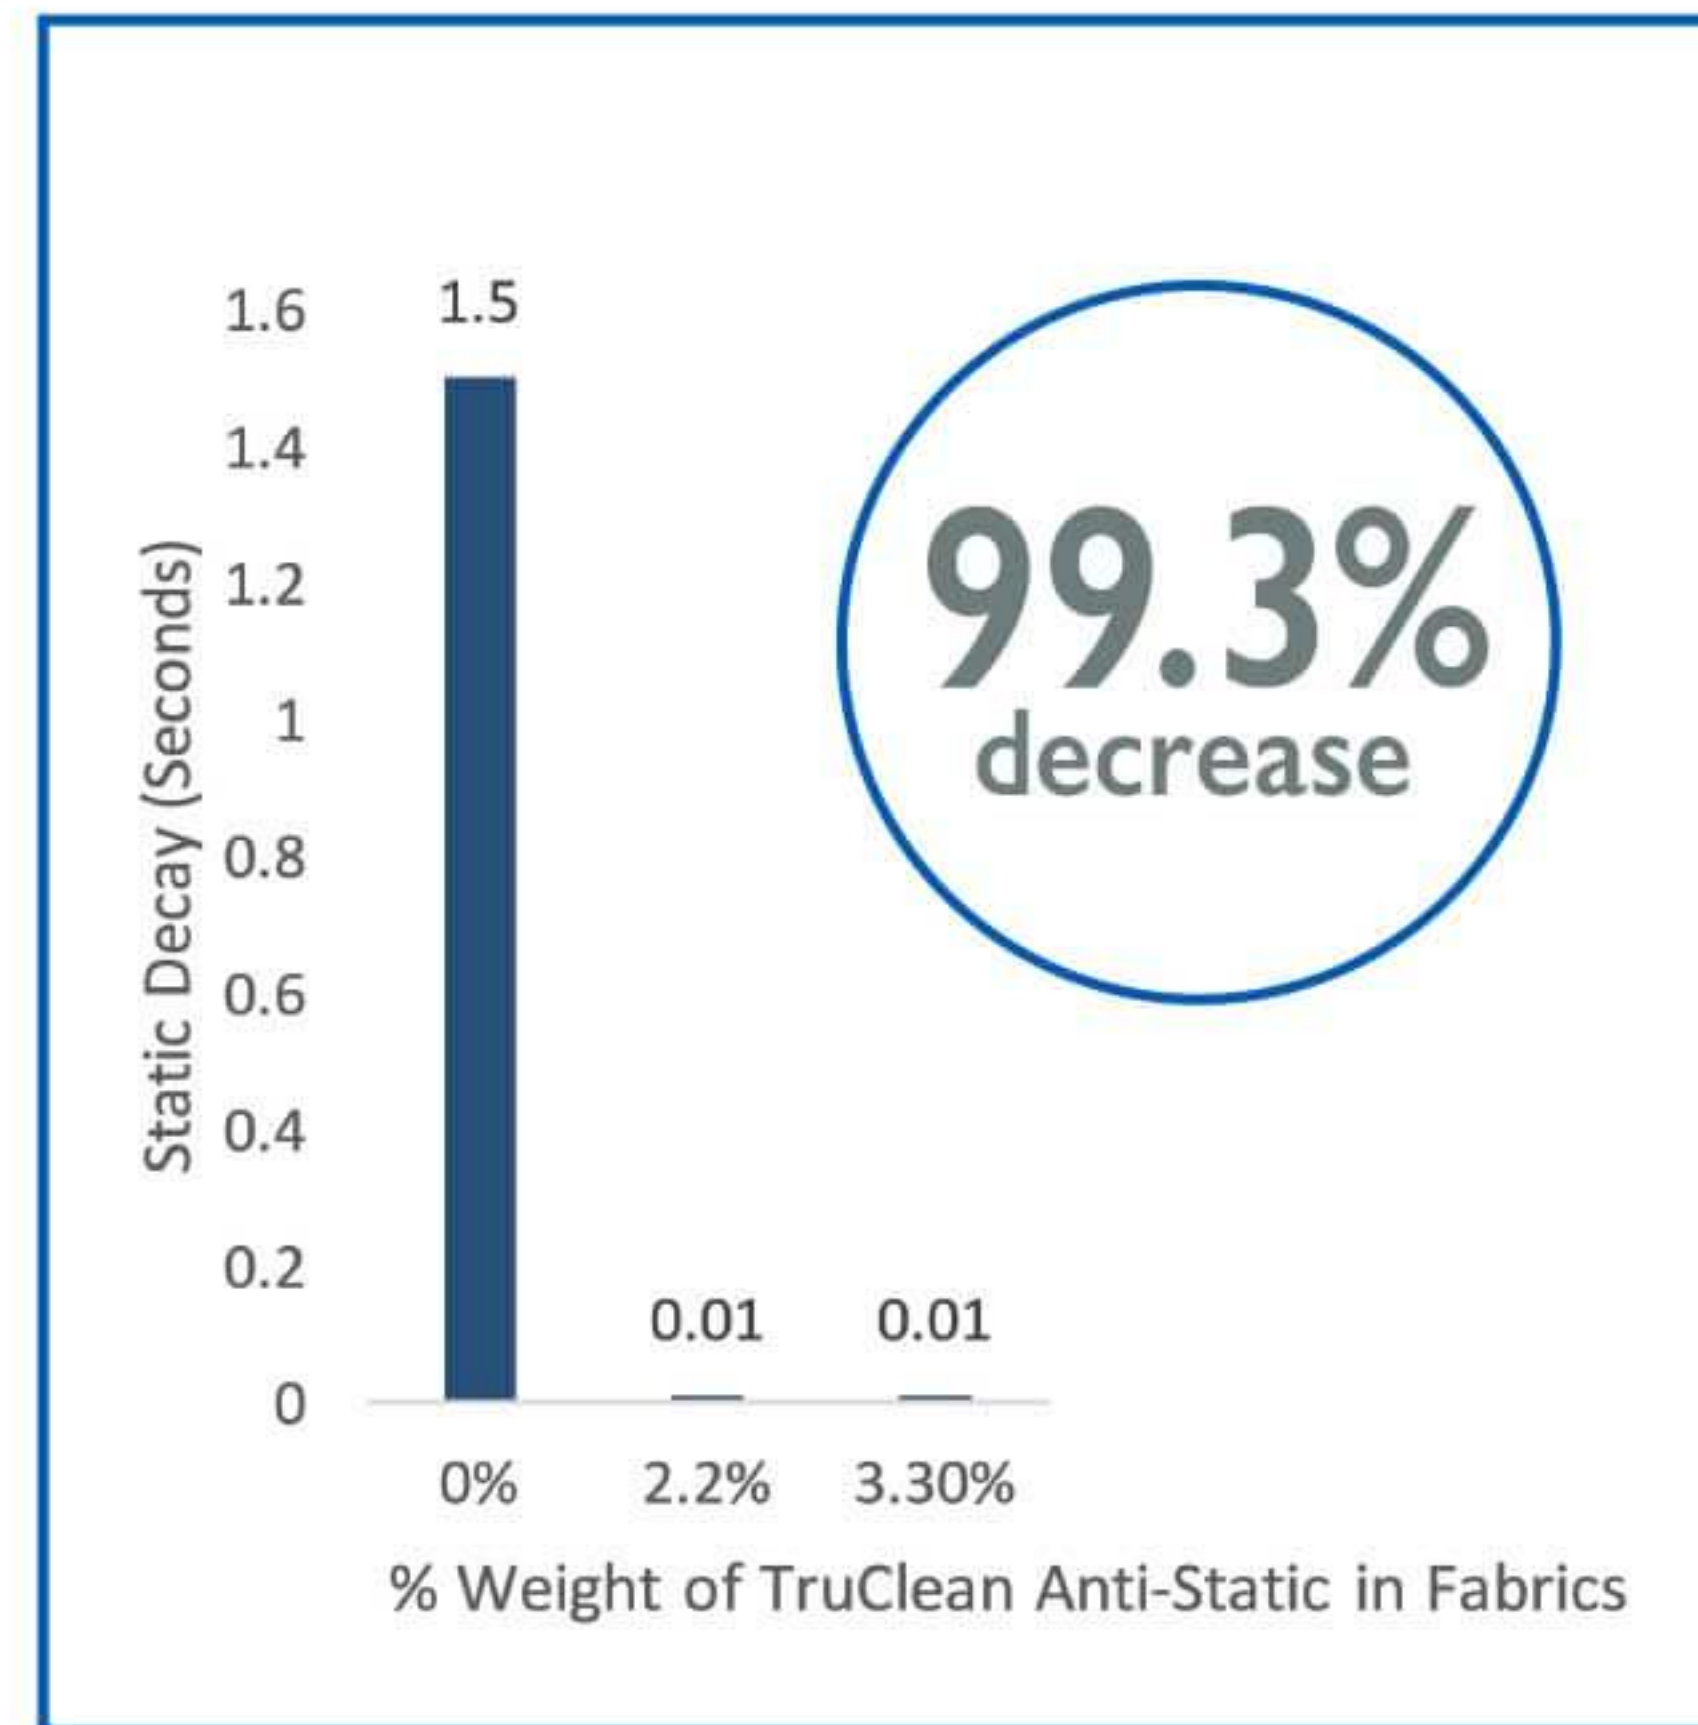

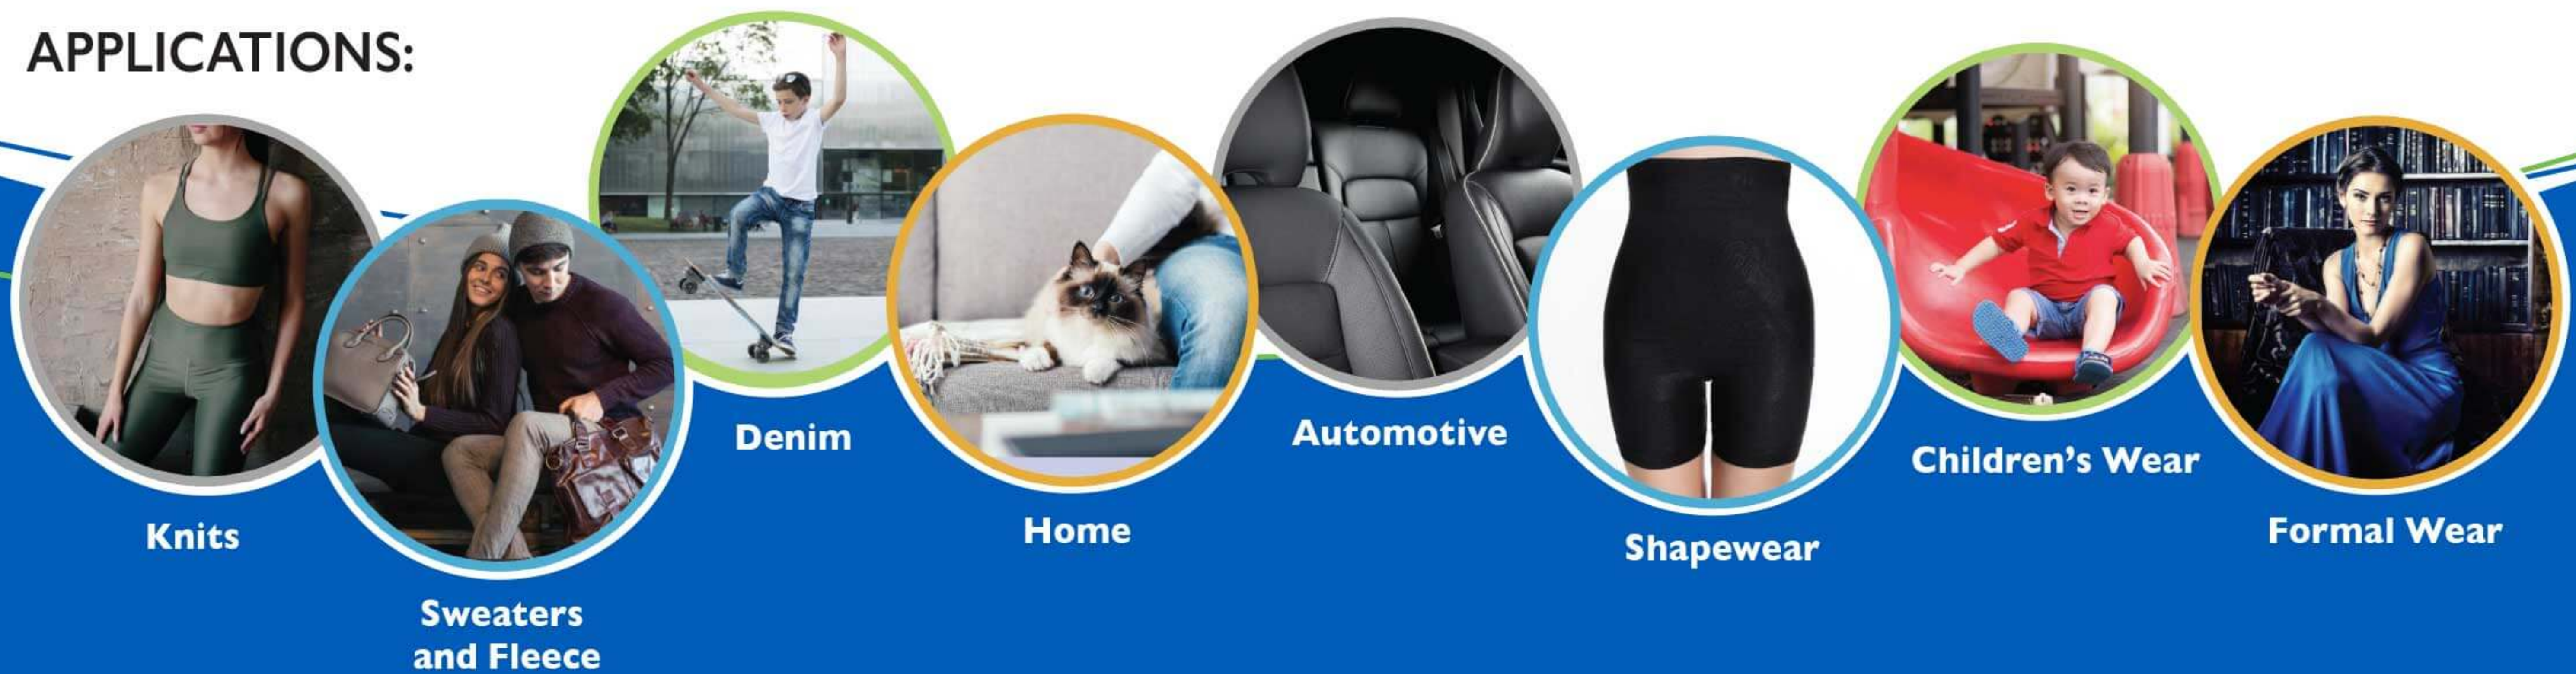

### BENEFITS:

- Permanent
- Static-free
- Lint-repellent
- Cling-free
- Chemical finish-free
- Hair-repellent
- Safe on skin

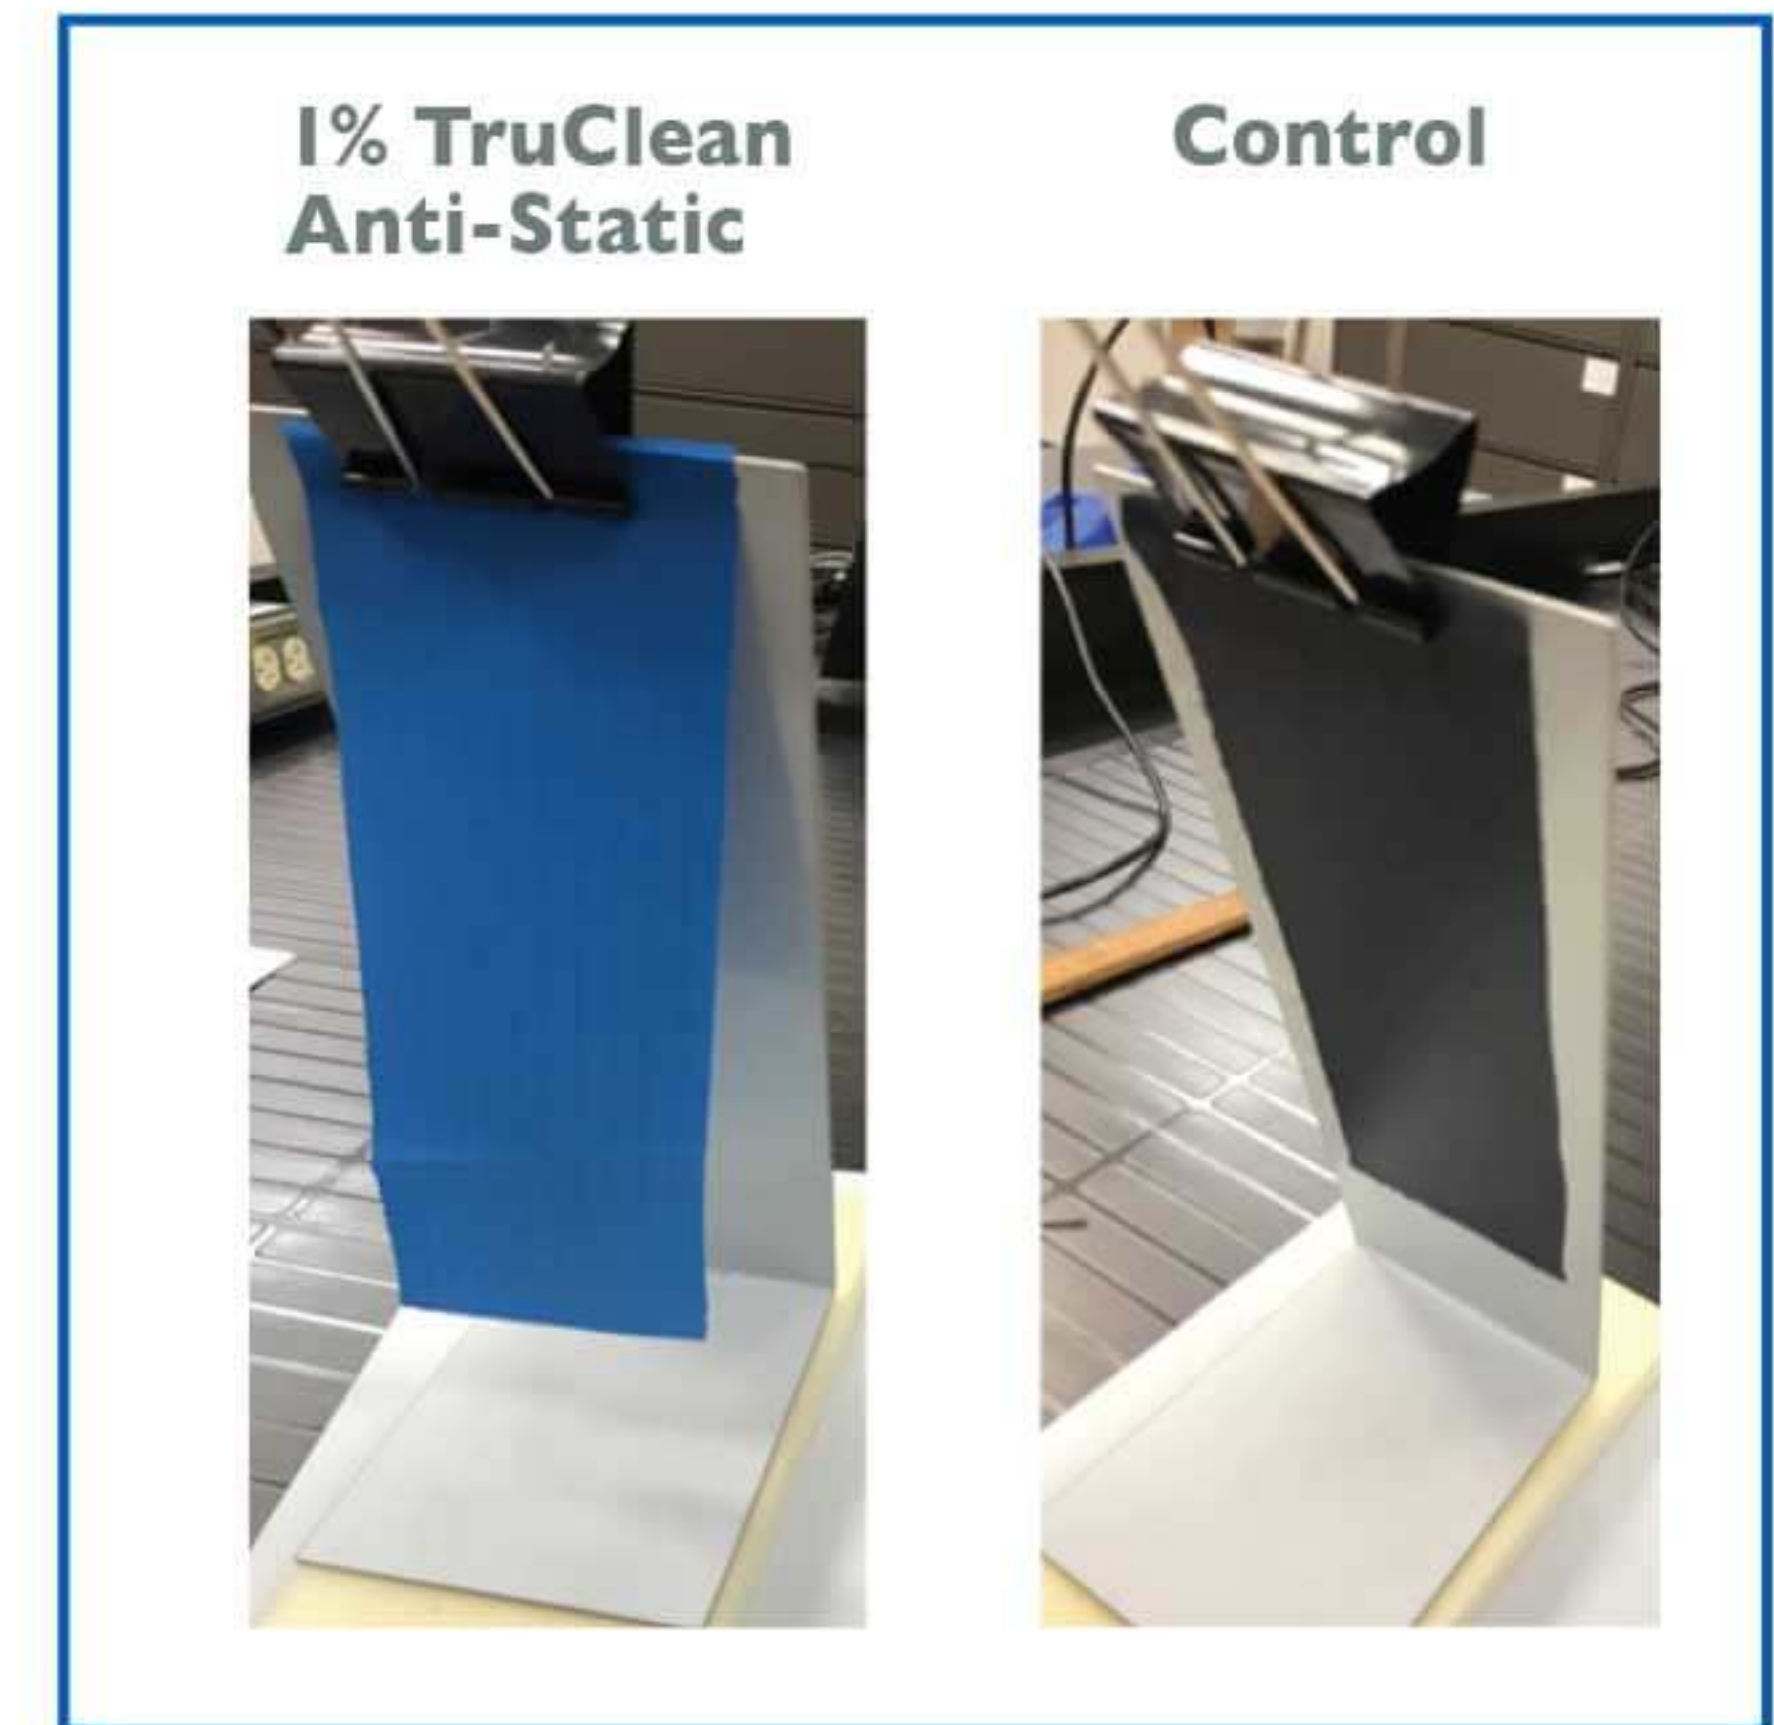

### AVAILABLE:

- Available globally in 20-denier increments, covered with any yarn combination.
- Minimum Required Content in Final Fabric is 2%

### APPLICATIONS:

**Fed Test Method Std.191A Method 5931** – Determination of Electrostatic Decay of Fabrics (340 g/m2 cotton fabric)

**AATCC Test Method 115** – Electrostatic Clinging Of Fabrics: Fabric-To-Metal Test
