

# River Hills Baptist Church Nursery

## Wellness Policy

To create the healthiest environment possible for your children, the nursery is kept cleaned and sanitized and workers are encouraged to wash their hand continually to prevent the spread of germs. To assist us in our efforts to make the nursery a healthy environment for the children, if your child is showing any of the following symptoms, please wait till these symptoms have passed before bringing your little one to the nursery.

- Fever or not appearing to feel well
- Frequent loose or watery stools
- Continuously runny nose or nasal drainage due to a cold
  - If your child has a runny nose or other symptoms due to allergies, please let us know. We realize that symptoms can hang on even when a child is not contagious.
- Frequent coughing or sneezing
- Vomiting

Please make sure your little one is symptom free for 24 hours before returning to the nursery.

Thank you so much for doing your part to comply with the wellness policy and helping to keep our nursery healthy!
