Star # 724

Dear Mr. Meislahn;

The head office of the ISCYRA has requested that I reply to you concerning the measurement problem which has arisen incident to the repairs to Star No. 724.

From the report, it is quite evident that Star No. 724 is being almost rebuilt. In such a case, the final result will very likely be somewhat different than the set of measurements reported for her last approved certificate.

Therefore, Star No. 724 should be entirely re-measured after repairs are completed. If she still retains the original keel, this should be noted on the new measurement report. This original keel has been approved for this one boat.

There is an interesting principle concerning the necessity for measuring the boat for racing. Please refer to the By-Laws, Article VII, paragraph 1. This, in my opinion, requires the boat to be measured and approved to enter any race for the Star Class, local or otherwise. This, in my opinion, would not bar the boat from entering an informal race of mixed craft or an unofficial race - so long as this race would have no standing with the Star Class.

Therefore, it is my opinion that the measuring should be done to give time for approval before Star No. 724 enters her first race which has any standing with the Star Class.

Sincerely,
HENRY M. DEVEREUX, Chrmn. Internat'l Meas. Committee

Dear Mr. Devereux:

Will you please write to our Lake George Fleet Secretary, Harry E.P. Meislahn, Albany Academy, Albany, N.Y. answering the following questions which he asked on a monthly report.

"#724 is being repaired extensively, amounting to some reconstruction: new bottom frames and some side)
new keel plank) by owner and local
new keelson) labor - generally
new deck) following old patterns.
new rig - from Tom Parkman

Does he need remeasurement? How soon (work will not be completed until late June, just before racing starts)? Can we permit him to race local races if remeasurement not completed? District championship and eliminations? He has written Ceb Lee."

Answering one of his questions, he definitely must have a Measurement Certificate before being allowed to race in District championship. With regard to other races, I believe it is up to Fleet.

Sincerely yours,

Frank L. Glass
Corresponding Secretary
