

OFFICIAL STAR CLASS MEASUREMENT CERTIFICATE

Sec. C.

— INSTRUCTIONS TO CERTIFIED MEASURES —

1. The duties of a Certified Measurer are confined to measuring yachts and reporting facts. He has no authority to grant or reject certificates or interpret rules. Complete instructions as to how to measure will be sent to him by the Measuring Committee after his appointment.
2. This Form must be made out by the Certified Measurer IN DUPLICATE. He must answer all questions on page 2, sec. A, and fill in all dimensions called for on diagram. Then file **both** copies with Measurement Committee.
3. Sails and spars are measured before sanctioned championships, at other times the Fleet is responsible for checking them. Certified Measurers, if authorized by a Fleet, can approve or reject sails or spars. Sail and spar measurements do not have to be included in certificate, but if sails are, they must be marked by Certified Measurer for identification.
4. Certified Measurers are entitled to a reasonable fee for measuring, but the Association is not responsible for its payment, and Certified Measurers are advised to collect their fee before filing this Form.
5. A Certified Measurer cannot measure a yacht in which he owns an interest except under duly appointed and authorized supervision.

Sec. D.
