Dear Sir

Juniper N°1573

I enclose the certificate for
the hull and spars of the
above Stern class Yacht.

The keel weight certificate was
sent you in 1939 when the
yacht was first measured
but the builder's records show
that it weighed 902 British
pounds.

I hope that this certificate
will cover the yacht and I
will measure the sails before
July and send a separate
certificate before she enters the
Olympic Trials.

Yours faithfully

Dear Mr. Ketchan,

Star "Juniper" 1573

The above is my own boat. On the 24th June last you told me that it had been approved except for the spars which were too long and on an assumption of errors in side measurements.

Before I took her down to Torbay for our Olympic Trials the alterations were made in accordance with Mr. Crane's instructions to both mast and boom and I understood that he had returned these to you. Nevertheless I have not yet received a Measurement Certificate.

Can you please tell me what is wrong as I want to get it put right.

Yours very truly,

E.V. Ketchan, Jr, Esq.,
