Star No. 2646

Mr. Georges Lesieur
9 Rue de Lota
Paris, 16^e
France

Dear Mr. Lesieur;

Herewith I am enclosing the approved certificate for your Star No. 2646.

I must apologize for the long delay in completing this matter. There has been some very serious family illness which has retarded me in all of my activities. The Star Class work has unfortunately been delayed.

I note the cockpit width, Dimension "P" is reported as 575. This is obviously intended to be the full width of the cockpit, and so I have corrected the dimension to read 287,5 ; since "P" is intended by the ISCYRA to be one-half the width.

I also note there is no keel certificate, to show the weight of the keel at the foundry, or its weight as certified by a government weigher. If you can provide such a certificate, or a photographic copy, please send it to me, to make our records complete.

With best wishes for much good racing,

Sincerely,

HENRY M. DEVEREUX
Chairman
International Measurement Committee
