Mr. George Aitken
290 Pennyfield Ave.,
Bronx, N. Y.

Dear Sir:

I am returning one copy of Star Certificate 2720, but regret to advise that this cannot be approved if the stated value for chine height at Station #6 is correct. A recheck of your Plan Offset Heights and the paragraph at the end of the Specs relative to our method of correcting the Measurers Base, will show this error. If you are confident that the Measurer made a mistake I suggest that you get in touch with him.

In addition to the above, the jib stay should intersect the deck at least 8-3/4" aft of Point "A".

Yours very truly,

E. V. Ketcham Jr.
