

OFFICIAL STAR CLASS MEASUREMENT CERTIFICATE

Sec. C.

—INSTRUCTION TO CERTIFIED MEASURERS—

1. The duties of a Certified Measurer are confined to measuring yachts and reporting facts. He has no authority to grant or reject certificates or interpret rules. Complete instructions as to how to measure will be sent to him by the Measuring Committee after his appointment.
2. This Form must be made out by the Certified Measurer IN DUPLICATE. He must answer all questions in Sect. A, and fill in all dimensions called for. Then file **both** copies with Measurement Committee.
3. Sails are measured before sanctioned championships, at other times the Fleet is responsible for checking them. Certified Measurers, if authorized by a Fleet, can approve or reject sails.
4. Certified Measurers are entitled to a reasonable fee for measuring, but the Association is not responsible for its payment, and Certified Measurers are advised to collect their fee before filing this Form.
5. A Certified Measurer cannot measure a yacht in which he owns an interest except under duly appointed and authorized supervision.

SEC. D.

—CONDITIONS UNDER WHICH CERTIFICATE IS ISSUED—

1. This Certificate is not valid unless it bear the inspection stamp of the I. S. C. Y. R. A. and is signed by the Chairman of the International Measurement Committee. It shall be automatically revoked if any structural alterations are made or if not properly endorsed over to a new owner by former owner, or may be revoked at any time by order of the International Measurement Committee or the Governing Committee of the International Star Class Yacht Racing Association.
2. This Certificate shall be binding upon all members, Star Fleets, Clubs, or organizations conducting races for the Star Class as such. Sails excepted, the holder of this Certificate shall not be subject to protest on measurements unless an order to remeasure is obtained from the International Measurement or Governing Committee, after the protesting party has submitted evidence to show that there are reasonable grounds to suspect subsequent alterations or other justifiable cause.
3. Copies of this Certificate may be obtained from the International Measurement Committee for \$1.00. A new Certificate may be obtained after all renewal affidavits on Page 2 are exhausted without charge. A duplicate of every Certificate granted will be kept on file by the International Measurement Committee and a list of newly granted Certificates will be published from time to time.

NOTE—This space is reserved for International Measurement Committee use.

The International Measurement Committee, having examined all facts and figures certified to herein, finds that the yacht herein described conforms with the plans and specifications of the Star Class within the limitations of the measuring rules, and therefore, grants this Certificate to the said yacht subject to the conditions above set forth for so long as the owner or owners of the said yacht are members of the International Star Class Yacht Racing Association.

Signed

Henry M. Devereux
Chairman International Measurement Committee.

Star No. 2868

Dear Mr. Grandin;

In studying the report of Star No. 2868 I noticed you only sent one copy. I copied your report for the Measurement Committee records. Perhaps you have not enough of the blank forms for the reports.

I am therefore sending you a supply of blank forms by a slower mail.

In the report of Star No. 2868 I did not receive a certificate showing the weight of the iron keel. For the boats built in the United States, we always require this. Sometimes the boats built in Europe are not able to obtain this certificate. Then we accept the measurer's word that the weight of the keel is correctly reported.

If you would be able to send me a copy of the weight certificate of the keel I would appreciate it very much. Otherwise, please send me a letter stating that you are sure the weight of 402 kg is correct.

Wishing you success with your work,

Sincerely,

HENRY M. DEVEREUX

Star No. 2868

Dear Mr. Boren;

Herewith I am enclosing the approved certificate
for your Star No. 2868.

I wish to apologize for the delay in giving the
decision on this boat. Serious family illness has re-
tarded me in all my activities.

The handwriting of Mr. Grandin is not entirely
clear to me, but I believe he intended to report the
Chine Half-Breadth at Stern as 389 mm. If so, the boat
is approved as I have indicated.

With all best wishes for good racing,

Sincerely,

HENRY M. DEVEREUX
Chairman
International Measurement Committee
