Mr. W. Whitney Stuck
Ivoryton, Connecticut

Dear Mr. Stuck:

It has been called to my attention
by Mr. Herbert Witte that his Star boat #2899 required
a rudder alteration, in order to conform to measurement.

I am sorry that this error occurred;
however, one of our workmen had picked up a rudder which
had been discarded and should not have been used on the
boat. Please be advised that the new rudder has been
constructed and installed on the boat. The new rudder
measures 31 1/8" in height by 17 7/8" in width, and it
conforms to all requirements otherwise.

We trust that this will clear the matter
up to your satisfaction.

Very truly yours,

SOUTH COAST COMPANY
