

OFFICIAL STAR CLASS MEASUREMENT CERTIFICATE**Sec. C.****—INSTRUCTION TO CERTIFIED MEASURERS—**

1. The duties of a Certified Measurer are confined to measuring yachts and reporting facts. He has no authority to grant or reject certificates or interpret rules. Complete instructions as to how to measure will be sent to him by the International Measuring Committee after his appointment.
2. This Form must be made out by the Certified Measurer IN DUPLICATE. He must answer all questions in Sect. A, and fill in all dimensions called for. Then file **both** copies with International Measurement Committee.
3. Sails are measured before sanctioned championships, at other times the Fleet is responsible for checking them. Certified Measurers, if authorized by a Fleet, can approve or reject sails.
4. Certified Measurers are entitled to a reasonable fee for measuring, but the Association is not responsible for its payment, and Certified Measurers are advised to collect their fee before filing this Form.
5. A Certified Measurer cannot measure a yacht in which he owns an interest except under duly appointed and authorized supervision.

SEC. D.**—CONDITIONS UNDER WHICH CERTIFICATE OR RENEWAL IS ISSUED—**

1. This Certificate is not valid unless it bears the inspection stamp of the I. S. C. Y. R. A. and is signed by the Chairman of the International Measurement Committee. It shall be automatically revoked if any structural alterations are made or if not properly endorsed over to a new owner by former owner, or may be revoked at any time by order of the International Measurement Committee or the Governing Committee of the International Star Class Yacht Racing Association.
2. This Certificate shall be binding upon all members, Star Fleets, Clubs, or organizations conducting races for the Star Class as such. The holder of this Certificate shall not be subject to protest on hull measurements unless an order to remeasure is obtained from the International Race Committee, International Measurement Committee, or Governing Committee, or unless the protesting party has submitted evidence to show there are reasonable grounds to suspect subsequent alterations or other justifiable causes. See By-Laws, Article VII.
3. This Certificate should be renewed in name of new owner. For renewal, send this Certificate and \$1.00 to International Measurement Committee, with notation as to change of boat's name, if any.

4. WARNING

Spars, position of keel, or anything else that is not an intergral part of the hull, can easily be changed and should not be depended upon. These, as reported on original certificate, serve also as a protection to the purchaser of a new boat, but are subject to remeasurement as noted above.

NOTE—This space is reserved for International Measurement Committee use.

The International Measurement Committee, having examined all facts and figures certified to herein, finds that the yacht herein described conforms with the plans and specifications of the Star Class within the limitations of the measuring rules, and therefore, grants this Certificate to the said yacht subject to the conditions above set forth for so long as the owner or owners of the said yacht are members of the International Star Class Yacht Racing Association.

Signed John S. Tuttle
Chairman International Measurement Committee.

OFFICIAL STAR CLASS MEASUREMENT CERTIFICATE

Sec. A.

DESCRIPTION OF MEASURED YACHT

IMPORTANT—The following information must be supplied by the Certified Measurer who actually measured the yacht. The yacht's number, its only means of identification, must be cut or burned in at least 3" figures into upper side of keelson, otherwise Measurer is instructed NOT TO MEASURE the yacht.

1. YACHT'S NUMBER? 3405
2. Was this number cut or burned into keelson as required above? Yes
3. Yacht's name " " 4. Year built 1953
5. By whom built? LIPPINCOTT BOAT WORKS, RIVERTON, N.J. U.S.A.
6. Owner's Name RENE VIDANNA
7. Address HAVANA, CUBA
8. Fleet _____ 9. Remarks _____

CERTIFIED MEASURER'S AFFIDAVIT

I hereby certify under oath that I personally measured the yacht herein described on the 15th day of DECEMBER, 1953, according to instructions issued by the International Measurement Committee and that I have correctly and truthfully recorded the yacht's dimensions on the reverse side of this form and that the above information is true and correct to the best of my knowledge and belief.

Date signed and filed 1/6/54Signed Bernard V. Fooker

Certified Star Measurer

NOTE—If there is anything about the yacht's construction or otherwise which you believe contrary to rules or not according to standard, report this in a letter attached to this form and describe in detail with sketch if needed.

WARNING

If structural alteration or repairs are made (Except to sails) the yacht must be remeasured. If in doubt, obtain ruling from International Measurement Committee. This Certificate becomes void unless owner upon the sale or transfer of the yacht signs the Renewal Affidavit below.

AFFIDAVIT OF NO ALTERATIONS

SOLD OR TRANSFERRED TO _____ of _____

I hereby certify under oath that no alterations have been made to the said yacht since original date of measurement, unless a rider covering remeasurement is affixed to this Certificate.

The Measurement Certificate for this boat cannot be approved due to the following points which do not comply with the Specifications:

COPY

The following action is suggested as indicated by check marks:

- The points in question must be remeasured by a Certified Measurer and the results submitted to the Measurement Committee.
- The points in question must be altered to conform to the Specifications and then remeasured by a Certified Measurer and submitted to the Measurement Committee.
- The boat must be rebuilt to conform to the Specifications and then completely remeasured by a Certified Measurer.
- The remeasurement of the points in question shows that this boat does not conform to the Specifications, so that correction is required as indicated above.
- The points in question must be corrected and a letter submitted to the Measurement Committee stating how, when and by whom the corrections were made. These points are subject to remeasurement at all sanctioned events and by local regatta committees.
- The Certificates submitted are unsatisfactory for the reasons noted, and complete remeasurement is required.

Measurer _____

Dear Mr Tool-

The Measurement Certificate for this boat cannot be approved due to the following points which do not comply with the Specifications:

I feel you are making an error
in the measurement of the shape of the
Tippinall Boat.

The measurement required is a physical
one - not a projected dimension.
The measurement is taken along the bottom from
center of the rudder post - to the edge of
the cast iron keel.

The measurement is quite correct as far as the
boat is concerned. The points in question must be
remasured by a Certified Measurer and then
submitted to the Measurement Committee. The results
submitted by a Certified Measurer and submitted to the Measure-
ment Committee are placed in modern form.
But please give us the correct
dimensions in the future.

— The remeasurement of the points in question shows that this boat does
not conform to the Specifications, so that correction is required as in-
dicated above.

— The points in question must be corrected and a letter submitted to the
Measurement Committee stating how, when and by whom the corrections were
made. These points are subject to remeasurement at all sanctioned events
and by local regatta committees.

— The Certificates submitted are unsatisfactory for the reasons noted, and
complete remeasurement is required.

- ☐ The Certificates submitted are unsatisfactory for the reasons noted, and complete remeasurement is required.

January 26, 1954

Mr. Bernard J. Tool
619 Elm Terrace
Riverton, N.J.

Dear Mr. Tool:

I feel you are making an error in the measurement of the skegs of the Lippincott Boats.

The measurement required is a physical one - not a projected dimension. The measurement is taken along the bottom from the center of the rudder post to the edge of the cast iron keel.

The measurement is quite unimportant actually with keels as far aft as they are placed in modern STARS but please give us the correct dimensions in the future.

Sincerely yours,

JOHN S. TITTERINGTON, Chairman
Int. Measurement Committee
