Measurement Committee

Dear Mr Titterington,

Yesterday I was notified by the secretary of the Stockholm Fleet, Mr Wickström, that you had cabled the Kattegatt Fleet telling them that you had not received the certification forms for Star no 3852, which I posted in the beginning of June. I am very sorry to hear this but I send you two new forms enclosed in this letter. The keel Weight certificate has also disappeared of course, but I herewith certify that that the weight of the keel is 407 kilograms as I have noted the figure from the original certificate.

if you
We would be very grateful to you could possibly cable the result of your control of the measurement certificate to the Kattegatt Fleet at the expense of the Stockholm Fleet. This message ought to reach them by the July 20th.

I am very sorry to cause all this inconvenience.

I Also Want to notify you that I have changed address as I have noted in the heading.

Yours very truly

William Holmgren
