To the Measurement Committee
of the ISCYRA

New York 17.

Gentlemen :

I herewith certify that the Keel of Walter v. Huetschler's new boat 4077, "PIMM", is the one that ~~he~~ was originally fitted to his 3931, "RIO PIMM"; for this Keel the weight certificate had duly been submitted at the time of the latter's legalization.

The transfer of the Keel from 3931 to 4077 has been made some six weeks ago. As to the origin of the present 3931's Keel you will hear from me within a very short time.

As Mr.v.Huetschler has great urgency for his measurement certificate I shall take the liberty of cabling you the two measurements I shall have found of the two points you objected to - after the boat will have been corrected.

With best regards

Waldemar Schick

Gentlemen,

Please find enclosed two copies of the Official Star Class Measurement Certificate for the yacht n° 4077, duly filled out and signed by me on January 27.

With reference to the keel weight of 898 lbs., this weight has been established here in Sao Paulo and it is within the official norm. Unfortunately it is impossible to send you a keel weight certificate, because the keel has been imported a certain time ago from the United States and the name and address of the foundry in your country can't be found.

The yacht's name is not yet determined and I will inform you as soon as the owner named it.

Meanwhile I am, Gentlemen,

Yours truly

Waldemar Schick
