Dear Mr. Titterington:

Re: Measurements STAR # 4186, Owner Knauth

Station 10

Thank you for your report, and your comments on A. Contour Height/and B.
Contour Hight Station 5.

In reference to A. I have a premeasured stick cut to 15 3/8 inches, and if anything else shows, it must have been a error in writing on my part.

In reference to B. My Work Sheet shows that I measured Station #5 at 4 5/16th inches. How I managed to write 4 13/16 is beyond me.

Further, yesterday morning, I remeasured both station 5 and 10, and find the measurements to be 4 5/16, station #5, and 15 3/8 on station 10.

Yours very truly,

CARLSON & CARLSON, INC.
