2. This Certificate shall be binding upon all members, Star Fleets, Clubs, or organizations conducting races for the Star Class as such. Structural Alterations:

4510

The ribs fore and aft of the mast step were sistered with 1x2 red cedar aft of the mast and two $\frac{1}{4}$ " x 3" sections of plywood laminated forward of the mast.

Two $\frac{1}{4}$ " stainless steel rods were inserted through the bottom of the hull up through the deck in order to help spread out the compression loading of mast on the hull.
