Re 4514
(and other recently measured
stars)

Dear Ed.

You have listed chine height
at #3 on the boat the same as
the keel height (so it flat bottomed
here?) Obviously we cannot pass

this boat with such a measurement as this!

We also note ^{some similar peculiarities} ~~extreme~~ ~~curious~~

ones on the other boats you've

measured, ^{such as} you ~~are~~ putting dimensions

in wrong places, ^{and sometimes your} ~~your~~ writing is barely

~~legible~~ and so forth. ~~be also~~ There are

^{rumors} ~~rumors~~ ~~that~~ that you are not always
actually measuring the boats for
which you send in certificates.

~~If you are not interested in~~
~~measuring stars, we would be pleased~~
~~to find a replacement.~~
