## Sec. C.

## —INSTRUCTION TO CERTIFIED MEASURERS—

1. The duties of a Certified Measurer are confined to measuring yachts and reporting facts. He has no authority to grant or reject certificates or interpret rules. Complete instructions as to how to measure will be sent to him by the International Measuring Committee after his appointment.
2. This Form must be made out by the Certified Measurer IN DUPLICATE. He must answer all questions in Sect. A, and fill in all dimensions called for. Then file **both** copies with International Measurement Committee.
3. Sails are measured before sanctioned championships, at other times the Fleet is responsible for checking them. Certified Measurers, if authorized by a Fleet, can approve or reject sails.
4. Certified Measurers are entitled to a reasonable fee for measuring, but the Association is not responsible for its payment, and Certified Measurers are advised to collect their fee before filing this Form.
5. A Certified Measurer cannot measure a yacht in which he owns an interest except under duly appointed and authorized supervision.

## SEC. D.

## —CONDITIONS UNDER WHICH CERTIFICATE OR RENEWAL IS ISSUED—

1. This Certificate is not valid unless it bears the inspection stamp of the I. S. C. Y. R. A. and is signed by the Chairman of the International Measurement Committee. It shall be automatically revoked if any structural alterations are made or if not properly endorsed over to a new owner by former owner, or may be revoked at any time by order of the International Measurement Committee or the Governing Committee of the International Star Class Yacht Racing Association.
2. This Certificate shall be binding upon all members, Star Fleets, Clubs, or organizations conducting races for the Star Class as such. The holder of this Certificate shall not be subject to protest on hull measurements unless an order to remeasure is obtained from the International Race Committee, International Measurement Committee, or Governing Committee, or unless the protesting party has submitted evidence to show there are reasonable grounds to suspect subsequent alterations or other justifiable causes. See By-Laws, Article VII.
3. This Certificate should be renewed in name of new owner. For renewal, send this Certificate and \$1.00 to International Measurement Committee, with notation as to change of boat's name, if any.
4. **WARNING**  
Spars, position of keel, or anything else that is not an integral part of the hull, can easily be changed and should not be depended upon. These, as reported on original certificate, serve also as a protection to the purchaser of a new boat, but are subject to remeasurement as noted above.

NOTE—This space is reserved for International Measurement Committee use.

The International Measurement Committee, having examined all facts and figures certified to herein, finds that the yacht herein described conforms with the plans and specifications of the Star Class within the limitations of the measuring rules, and therefore, grants this Certificate to the said yacht subject to the conditions above set forth for so long as the owner or owners of the said yacht are members of the International Star Class Yacht Racing Association.

Signed [Signature]  
Chairman International Measurement Committee.

Gentlemen:

I am very pleased with your news of the restoration of your two Star Class yachts! There are many young sailors in the Star Class now who have never seen fine old Stars such as yours, and the history of the class will be made vivid for them when they see your lovely boats.

You are certainly correct that the final, and perhaps most important, step in the restoration is the full return to legal competitive status of the boats, through revalidation of the measurement certificates. However, this should be an easy step for you, as I will explain.

You have received copies of the original certificates. You must now have a Certified I.S.C.Y.R.A. Measurer verify that the boats have not been modified as to their measurements, as shown on the old certificates. This may not require full re-measurement, but the measurer must use his professional judgment as to the work needed to verify the dimensions. When the measurer is satisfied he must fill out a new certificate (showing only the measurements required at the time these boats were originally built) and submit that to the Measurement Committee. The certificates will be reviewed and re-issued for the boats.

To be legal for competition your boats also need two additional certificates: The Buoyancy Certificate and the Weight Certificate. To qualify for the Buoyancy Certificate, which is issued after an actual test of the flotation capability of the boat, you will need to install air bags in the boats. These are used for flotation in some other classes and should be available

to you. The Weight Certificate can be issued by your measurer when he checks your boats.

I am sending a copy of this letter to Mr. Friedrich Krieger in Munich, Germany. Mr. Krieger is our European Continental Measurer and you can ask him which Certified I.S.C.Y.R.A. Measurer is best qualified to check your boats. You will find Mr. Krieger's address in the Log of the Star Class, and I am sure he will be most helpful to you.

Again, I thank you for your interest in the historic aspects of our class, and I congratulate you on the restoration of your boats. I am sure they will give you much satisfaction and racing fun.

Sincerely,

Joseph Knowles  
Chief Measurer
