I have measured Star # 7044 and all measurements appear to be within acceptable tolerances. However, while final examination and certification is being processed this letter may serve as a temporary certification for a period of 45 days. I see no apparent discrepancies which need resolution before final issuance of a Measurement Certificate.

Dear Don's

As you remember, when we introduced the measurements of K11; K12, K13 we controlled this measurements by templates. I have a set of this templates and with the next letter I will send you photos of the templates. I have otherwise no feeling how to measure correct and in time these measurements.

Dear Friedrich,

Enclosed are the Measurement Certificates for #'s 7039 and 7041.

K11, K12 and K13 do not have the keel measurements. You will recall that Mr. Wright returned #7038 for the same reason.

I have kept the Temporary Measurement Certificates on file for these boats.

Regards,

Doris Jirka
Executive Secretary
