TEMPORARY MEASUREMENT CERTIFICATE

Date Measured: 03-05-86

Date Issued: 05-05-86

Expiration Date: 19-06-86

(45 days after Date Issued)

I have measured Star # 7134 and all measurements appear to be within acceptable tolerances. However, while final examination and certification is being processed this letter may serve as a temporary certification for a period of 45 days. I see no apparent discrepancies which need resolution before final issuance of a Measurement Certificate.

This Temporary Measurement Certificate cannot be renewed and is subject to revocation by the Measurement Committee.
