TEMPORARY MEASUREMENT CERTIFICATE

Date Measured: 28.5.86

Date Issued: 8.6.86

Expiration Date: 23.7.86

(45 days after Date Issued)

I have measured Star # 7163 and all measurements appear to be within acceptable tolerances. However, while final examination and certification is being processed this letter may serve as a temporary certification for a period of 45 days. I see no apparent discrepancies which need resolution before final issuance of a Measurement Certificate.
