Dear Doris,

I have received your fax of April 17, 1989 and I can only answer you that your remarks aren't for me a surprise.

In fact I thought strange that no reference, except some small difference in some measures, was exposed in the measurement of the first boat fully measured after March 1st.

Obviously the measurer forgot the dispositions or didn't understand well the instructions in English of your letter of January 9, 1989.

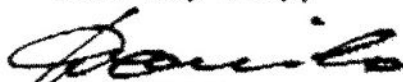

However I wasn't aware of this letter and I only know that Mr. Fasoli had some calls directly with Mr. Joe Knowles about these controls course.

Anyhow I can confirm you that the first full measurement after March 1st was carried out by Mr. Fasoli on the boat 7382 utilizing the personal equipments of Mr. Joe Knowles that he put at our disposal after the Olympic Games of Pusan.

I will meet Mr. Fasoli this week, I will inform him of your remarks and we will send you by air mail the certificates sent back with the due additions.

With my best regards,

Yours very truly,

Danilo Folli
