

SEC. C. TO MEASURERS:

1. The duties of a certified measurer are confined to measuring yachts and reporting facts. He has no authority to grant or reject certificates or interpret rules. Complete instructions will be sent to him by the International Measurement Committee after his appointment.

2. This form must be made out by the certified measurer in duplicate. He must answer I through VI in the Hull Measurement and all under Keel Measurements. Both Copies are to be sent to the I.S.C.Y.R.A. central office. In case some dimensions are not available, file one copy with the I.S.C.Y.R.A. and forward one copy to the owner who becomes responsible for its completion.

3. Declarations must be signed as required.

4. Certified measurers are entitled to a reasonable fee for measuring, but the Association is not responsible for its payment.

5. A certified measurer cannot measure a yacht in which he owns an interest.

Sec. D. CONDITIONS UNDER WHICH CERTIFICATE IS ISSUED:

1. This certificate is not valid unless it bears the inspection stamp of the I.S.C.Y.R.A. and is signed by the chairman of the International Measurement Committee. It shall be revoked if any structural changes are made or if not properly transferred to a new owner. It may be revoked at any time by order of the International Measurement Committee or the International Governing Committee.

2. This certificate shall be binding on all members, fleets, clubs, or organizations conducting races for the Star Class. The holder of this certificate shall not be subject to protest on hull measurements unless an order to remeasure is obtained from the International Race Committee, International Measurement Committee, or International Governing Committee.

3. This certificate shall be replaced when the yacht is altered or sold. For replacement, send this certificate and ten dollars, U.S. Funds, to the I.S.C.Y.R.A. Central Office.

The International Measurement Committee finds that the yacht described herein conforms with the plans and specifications of the Star Class and therefore grants this certificate to the yacht owner, subject to the conditions set forth above so long as the owner or owners of the yacht are members of the I.S.C.Y.R.A.

Dear Friends Steinmayer and Buchhofer:

I find I must return some Certificates due to what seems to be a copying error.

I am very sorry that I must have not noticed an error in the Certificate for #7398, which now also appears on the Certificates for #7403, 7430 and 7440: The "Side Height" at Station 10 must be 673 MINIMUM, and these records show 670. I will appreciate it if you can check your records and see if the height was recorded incorrectly on the Certificates. Please just enter the correct figure and return the Certificates to the Central Office. Assuming the error is in the paperwork and not the boat, I consider the certification of all these boats to remain in effect pending your return report. If new Temporary Certificates are needed, you are authorized to issue them.

May I please also point out two new requirements I have put in this year, and ask you to include them on FUTURE certificates?

We have returned to recording ALL KEEL PROFILE HEIGHTS on Form J. The form is not yet revised, so you must add the information yourselves. (Fasoli has a system I like: He makes a little chart like this at the bottom of the form:

Keel height

2	4	5	7	9
---	---	---	---	---

Also, I now require that the MEASURER sign the KEEL WEIGHT CERTIFICATION instead of the builder. The measurer must witness the weighing of the keel before it goes on the boat, and make suitable calculations for the weight of the finish etc.. Of course, the measurer can weigh and mark a SHIPMENT of keels; he shouldn't have to make an extra trip for every boat.

Thank you very much for your help.

Very best personal regards to you both,

Joe
