Thank you for your enthusiasm and positive response to Transformed Treasures. Your creativity and talents will enable us to raise funds to help The Salvation Army transform lives! Now let's get started!

1 **Pick out item(s) to become your Transformed Treasure**

Shop at one of the Family Stores for item(s) to transform (see back of the vouchers for store information). Five vouchers with a value of \$10 each are enclosed, \$50 per artist. Vouchers are **not** transferable. Each artist may transform more than one item, **we will accept a maximum of 3 completed items per artist.**

Artists – There's a new stop in the Treasure Hunt!

Your opportunity to search for your potential treasures before these items are distributed to the Family Stores.

5 **If your commitment to create a Transformed Treasure changes for any reason, please let us know by February 1st.** The list of participating artists is kept limited and exclusive. Once filled, we create a waiting list. Please give us a timely notification that you will not be participating in order for us to offer your slot to another artist.

Thank you! Your time and your talents are the real treasures!

Much like the items that you will transform into something special, thousands of lives are transformed in Alaska through the ministry of The Salvation Army each year. Through its many programs, children and teens find safe haven from abuse and neglect. Homeless families find shelter and support to get back on their feet. Men and women battling addictions find renewed hope and frail seniors are reminded that someone cares for them. Thank you for being a part of transforming lives!

Have fun and call with any questions!
