

# 4pm Project Management Training and Certifications

We tailor the course to your individual needs and we adapt it so the course fits your pace and schedule. You decide when to do the reading, when to watch the lectures and when to do your assignments. You start when you wish, and proceed at your pace and schedule; there are no time limits or set class times. Your personal instructor, a certified PM, gives you feedback on every assignment and answers all your questions within 24 hours. You contact your instructor directly by phone or e-mail whenever you want. [Watch the Video on how it works](#)

## Compare Us to the Competition

Institution	4PM Individual Training	University Classroom Training	Computer-based E-learning (self-study)	University Online Instructor-led Training
Class size	1	30-100	You are alone	125+
Learning experience	You learn the best practices in project management and then practice on realistic project case studies with personal feedback on each step.	A boring slog through memorizing the pages of a project dictionary (the PMBOK). Then take a multiple choice test.	Learn a dictionary of terms with PowerPoint slides	Learn a dictionary of terms while you battle dozens of others to get a question answered.
Presentations & running meetings	You meet live, in real time, with your instructor to practice running meetings and giving project plan presentations and status reports to the stakeholders in your project, role played by your instructor. You get personal coaching and a critique with a video of your presentation.	A team presentation where you present for 2 minutes and get no feedback.	None	None
Who is your instructor?	A PMP with 20 years of industry experience who advises project managers full time	Your instructor is an academic without real world experience.	You have no instructor.	The professor who lectures has read many books on project management.
Scheduling of lectures, assignments & exams	You decide when to listen to lectures or do assignments. Take up to a year to complete the course.	Fixed university schedule - one semester long.	30-180 day access	Fixed lecture dates with 90 day access.
Instructor contact	Unlimited private phone calls, e-mails and video conferences	Try to catch the instructor on breaks.	You are on your own.	Put your question into a chat room.
Getting your questions answered	Your instruction responds within 24 hours by phone, video conference or email	Raise your hand and hope the professor calls on you.	Look it up yourself.	Ask other students or submit your question to a chat room.
Assignments	Case study assignments where you interview stakeholders, define the scope, build a schedule & give status reports	Multiple choice questions.	Multiple choice questions.	Multiple choice questions.
