SLN. No. OR-100002

THIS LABEL IS VALID UNTIL DECEMBER 31, 2025 UNLESS OTHERWISE AMENDED, WITHDRAWN, CANCELED, OR SUSPENDED.

ACTIVE INGREDIENT:

Thiram (Tetramethylthiuram disulfide).....42%

OTHER INGREDIENTS:58%

TOTAL 100.00%

KEEP OUT OF REACH OF CHILDREN CAUTION

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish, aquatic invertebrates, oysters, and shrimp. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Drift and runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment washwater or rinsate or by disposal of wastes.

Treated seeds and bulbs are hazardous to fish, birds and mammals. Do not plant treated seeds or bulbs by broadcasting to the soil surface. Ensure that all seeds and bulbs are thoroughly covered with soil, especially in turn areas. If seeds or bulbs are not thoroughly incorporated by the planter during planting, additional incorporation may be required to thoroughly cover exposed seeds or bulbs.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This SLN label and the main EPA-registered label must be in the possession of the user at the time of pesticide application. Follow all applicable directions, restrictions, Worker Protection Standard requirements, and precautions on the main EPA-registered label for 42-S Thiram Fungicide (EPA Reg. No. 264-929) and this SLN label.

CROP	DISEASE	DOSAGE
For the treatment of coriander seed to be exported out of the USA; and for use on seed planted to produce coriander grown for seed in the State of Oregon.	To aid in the control of seed decay, damping-off and seedling blight	For standard mechanical, slurry or mist-type treaters, apply 2.5 to 5 fluid ounces of 42-S Thiram Fungicide per 100 pounds of seed. Product should be diluted with sufficient water to give uniform coverage of seed.
<p>NOTE: Treat and conduct germination tests on a small portion of the seed before committing the total seed lot to the chemical treatment.</p>		
<p>SEED LABELING: Treated seed must be labeled "Do not use this treated seed to grow coriander or cilantro for human or animal consumption in the United States. For export only and for use on seed planted to produce coriander grown for seed." The U.S. Seed Act requires that treated seed be labeled with the following information:</p> <p style="padding-left: 40px;">This seed has been treated with Thiram at the rate recommended by the manufacturer. Treated seed must not be used for, or mixed with food or animal feed or processed for oil. Exposed treated seed may be hazardous to birds and other wildlife. Dispose of all excess treated seed and seed packaging by burial away from bodies of water.</p> <p>Use with an EPA-approved dye that imparts an unnatural color to the seed.</p>		

- For export only and for use on seed planted to produce coriander grown for seed in the State of Oregon.
- Do not use treated seed for human or animal consumption.
- Do not use this treated seed to grow coriander or cilantro for human or animal consumption in the United States.
- Bayer CropScience makes no claims as to the effect of this product on disease control or seed germination. All such risks shall be assumed by the Buyer.
