

# ACCOLADE™-L

## KEEP OUT OF REACH OF CHILDREN

This product does not meet the hazardous criteria set forth by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200). Read all label directions carefully before using this product. Use standard protective clothing and equipment including gloves, safety glasses and a NIOSH or MSHA approved nuisance dust mask during product handling and storage. See product SDS for additional health and safety information.

This product contains live organisms that are sensitive to chemicals and harsh environmental conditions.

## NON-PLANT FOOD INGREDIENT

ACCOLADE™-L contains a minimum of  $1 \times 10^9$  cfu per mL of *Azospirillum brasilense*.

## DIRECTIONS FOR APPLICATION

Avoid prolonged or repeated skin contact and inhalation. Verdesian recommends the use of a dust mask, safety glasses, and protective gloves when applying inoculants.

### ON SEED

- Shake well before opening package.
- Apply ACCOLADE™-L at a rate of 2.5 fl. oz. per 50 lbs. of medium sized seed (e.g., cereal, pulse, or soy), or at a rate of 15 fl. oz. per 50 lbs. of small seed (e.g., canola, or flax) and immediately begin mixing.
- Mix until seeds are thoroughly coated.
- Allow seed to dry before handling.
- Maximum product distribution on the seed will be achieved with a commercial applicator.
- Plant as soon as possible or within 20 days, for untreated seed. If seed treatments, such as fungicides are used, the planting window will decrease. Consult an Verdesian representative for more information on inoculant fungicide compatibility.
- **CAUTION: Over application could cause bridging of the seed and seed flow problems in the planter.**

### IN FURROW

- Shake well before opening package. Settling of bacteria is normal; shaking the product will achieve uniform distribution of the bacteria.
- Preparation: Pour entire contents of ACCOLADE into a clean tank for a liquid in-furrow delivery system. Add cool, clean, non-chlorinated water to the appropriate level. Product will mix naturally; therefore agitation is not necessary for the product to remain in suspension. However, mild agitation can be beneficial.
- Application: Do not mix more ACCOLADE liquid than can be planted in one day. Do not allow the tank mix to exceed 90°F. Use one 350 fluid ounce bladder per 50 acres. Dilute ACCOLADE liquid with as much water as possible (5-10 gallons per acre). Apply product directly into the seed trench. Do not band, knife, or apply ACCOLADE to the top of the soil. Rhizobia migrate slowly in the

soil. It is important that the product is placed as close to the seed as possible. Plant into moist soil. In hot, dry soils irrigate ground as soon as possible starting with seed area that was planted first. Extended periods of hot, dry soils may have a detrimental effect on the viability of the rhizobia.

**ACCOLADE™-L can be used in conjunction with most seed treatments. Contact Verdesian for a complete list of compatible seed treatments.**

## STORAGE RECOMMENDATIONS

- Store in a cool, dry place out of direct sunlight.
- Keep from freezing.
- Store between 40°F and 77°F (4°C and 25°C).
- Open package only when ready for use; plant within 24 hours of application.
- Do not allow product or packaging to become wet, or exposed to high humidity.
- Do not store product in an area to be fumigated.
- Small amounts of product which cannot be used according to the label instruction may be disposed of in a landfill.
- **ACCOLADE-L CARRIES A ONE (1) SEASON SHELF LIFE.**

## WARRANTY

Verdesian Life Sciences U.S., LLC warrants that this Product conforms to the specifications set forth on the label. This Product is reasonably fit for the purpose stated on the label when used in accordance with the label directions and instructions under normal conditions of use.

**VERDESIAN NEITHER MAKES, NOR AUTHORIZES ANY AGENT, REPRESENTATIVE OR THIRD PARTY TO MAKE ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, STATUTORY OR OTHERWISE, AS TO THE CONDITION, QUALITY, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.** Neither the warranty of merchantability nor fitness for a particular purpose, expressed or implied, extends to the use of this Product contrary to label instructions or under abnormal conditions or under conditions not foreseeable to the Seller or Verdesian.

**Limitation of Remedies.** The exclusive remedy for losses or damages resulting from this product (including claims based on contract, negligence, strict liability or other legal theories), shall be limited to, at Verdesian's election, one of the following: (1) replacement of the amount of product used; or (2) refund of the purchase price paid for the product; provided that Verdesian's provision of (1) or (2) is conditioned on its first being promptly notified of such loss or damage in writing. Verdesian shall not be liable to the buyer or any other party claiming by, through, or under the buyer for any other losses or damages resulting or relating to this product, including but not limited to any direct, indirect, special, punitive, economic, incidental or consequential damages or loss of profits, whether in contract, tort or otherwise. Verdesian neither assumes, nor authorizes any person to assume for it, any other liability in connection with the sale, storage, use or handling of this product other than expressly set forth herein.
