

Surfactant/Penetrant

PRINCIPAL FUNCTIONING AGENTS:

Polyethylene glycol nonylphenyl ether,	
polyethylene glycol, tall oil.....	89.00%
Polydimethylsiloxane.....	10.00%
Constituents ineffective as Spray	
Adjuvants.....	1.00%
Total.....	100.00%

DESCRIPTION

ADMIT ALL is a next generation organosilicone based spray adjuvant with excellent leaf penetration. It is a nonionic wetting agent, spreader, penetrating surfactant to be used with pesticides requiring an adjuvant to enhance foliage uptake. This label lists general use rates. Use local adjuvant experience to adjust rates and timing for optimum results. Use caution with sensitive crops and pesticides. Make applications during conditions favoring safe and effective results.

DIRECTIONS FOR USE

Always follow the pesticide label regarding adjuvant usage. If the label does not address adjuvant use, determine rates and timing using the general use rates on this label along with local adjuvant use experience. Making an initial test application is suggested if there is no local experience.

RATES

FOR USE AS SPRAY ADJUVANT
FOR GROUND APPLICATIONS:

Use 1-3 quarts/100 gallons

FOR USE AS SPRAY ADJUVANT
FOR AERIAL APPLICATIONS:

Use 3 oz in 1-3 gal. spray volume

Use 5 oz above 3 gal. spray volume

GENERAL MIXING INSTRUCTIONS: Fill tank 2/3 full with clean spray quality water, begin agitation. Add wettable powders, dispersible granules, flowables, suspensions, and the EC formulation and then Admit-All. Top off the tank. Refer to product labels and local experience for changes in standard mixing orders

STORAGE, PRODUCT & CONTAINER DISPOSAL: Store in original container only and keep sealed. Store in closed storage areas. Use caution when moving, opening, closing or pouring. Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler, visit the ACRC web page at www.acrcycle.org. Decontaminated containers may also be disposed of in a sanitary landfill. NOT FOR AQUATIC USE.

CONDITIONS OF SALE: The statements made on this label are believed to be true and accurate but because of conditions of use which are beyond our control, Native Earth does not make nor does it authorize any agent or representative to make any warranty, guarantee or representation, expressed or implied, concerning this material or the use thereof, except in conformity with the statements of the label. Neither Native Earth nor the seller shall be held responsible in any manner for any personal injury or property damage or loss resulting to the buyer or to the other person from handling, storage or use of this material not in accordance with the directions. The buyer assumes all risk and liability resulting from improper handling, storage or use and accepts and uses this material on these conditions. This product meets EPA requirements under Title 40 CFR 180.

KEEP OUT OF REACH OF CHILDREN

WARNING

HAZARD STATEMENTS

COMBUSTABLE LIQUID

HARMFUL IF SWALLOWED

CAUSES EYE IRRITATION

PRECAUTIONARY STATEMENTS: **WARNING:** Keep away from heat, hot surfaces, open flames, sparks. Wash skin thoroughly after handling. Do not smoke, eat, or drink when using this product. Use dry sand, dry extinguishing powder, carbon dioxide (CO2) to extinguish.

FIRST AID: IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious or convulsing person. IF INHALED: Move person to fresh air.
