GUARANTEED ANALYSIS

Calcium (Ca).....10.0%
Derived from calcium acetate.

This chemical does not meet the hazardous criteria set forth by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200).

GENERAL INFORMATION

Acita-Cal is a liquid calcium formulation designed for the prevention and correction of calcium deficiencies. Calcium is an essential part of cell wall and is required for new cell formation. Calcium is not mobile in the plant, therefore young, growing plant tissue is affected more seriously by any deficiency.

Acita-Cal should be used in conjunction with existing soil and foliar nutritional programs for all crops requiring calcium.

COMPATIBILITY

Acita-Cal is compatible with some fertilizers and pesticides.

In all cases, before mixing a full batch, it is recommended that a jar test for compatibility be conducted.

USE PRECAUTIONS

Do not mix this product in combination with any zinc products as this may result in fruit marking.

MIXING INSTRUCTIONS

1) Add 1/3 water to tank. 2) Add other additives, if any. 3) Add balance of water, agitate. 4) Add appropriate amount of **Acita-Cal** last.

DIRECTIONS FOR USE

KEEP OUT OF REACH OF CHILDREN SHAKE WELL BEFORE USING

DO NOT APPLY to plants suffering from moisture stress or heat stress.

Best results occur when applications thoroughly cover actively growing plants. Multiple applications throughout the growing season are recommended as a maintenance program.

Foliar application (ground): Use 1 to 2 quarts **Acita-Cal** per acre application diluted in a minimum of 10 gallons of water.

Foliar application (Aerial): Use 1/2 to 1 quart **Acita-Cal** per acre diluted in a minimum of 5 gallons of water. For best results, multiple applications throughout the growing season are recommended.

Soil application: Use 4 to 8 quarts **Acita-Cal** per acre as a pre-plant or side-dress application.

APPLICATION TIMING

For field and vegetable crops: Apply desired rate throughout the growing season at regular intervals.

For tree and vine crops: Start applications early in the growing season pre-bloom, then continue post-bloom throughout the season as required.

NOTICE

Avoid breathing spray mist. Avoid contact with eyes, skin, and clothing. Do not contaminate feed and foodstuffs. Do not apply to any area not specified on label. Do not re-use empty container. Wash thoroughly with water and detergent, puncture, make unusable, dispose of in a safe place. Store out of sun in an area of moderate temperature. Will stain when applied to concrete.
