

18-3-3

FORMULATED FOR SOIL APPLICATION

GUARANTEED ANALYSIS

Total Nitrogen (N)	18.0%
5.1%	Ammoniacal Nitrogen
4.3%	Nitrate Nitrogen
8.6%	Urea Nitrogen
Available Phosphate (P ₂ O ₅)	3.0%
Soluble Potash (K ₂ O)	3.0%

Derived from anhydrous ammonia, potassium chloride, phosphoric acid and urea ammonium nitrate.

ALSO CONTAINS NON-PLANT FOOD INGREDIENT(S)
1% Organic Matter derived from leonardite.

WARNING: Causes eye irritation. May be harmful in contact with skin. Harmful if swallowed. Avoid breathing dust / fume / gas / mist / vapors / spray. Avoid release to the environment. Wear protective gloves and eye / face protection. If eye irritation persists: get medical attention. IF IN EYES: Rinse with water for 15 to 20 minutes. Remove contact lenses, if present, and continue rinsing eyes. IF ON SKIN: Wash with plenty of water for 15 to 20 minutes. If medical advice is needed, have product container or label available. Keep out of reach of children. Read label before use.

DIRECTIONS FOR USE

Actagro® 18-3-3 is designed for use in all soil types. It should be concentrated for maximum response. Apply it as a band in the soil or inject it through drip or micro sprinkler systems. Application rates will vary depending on the crop grown. May be applied through center pivot irrigation systems.

Mixing with irrigation water for field storage is generally not recommended. Products blended with irrigation water should be used immediately and not stored for prolonged periods.

SOIL APPLICATION RATES

Actagro® 18-3-3 may be applied pre-plant, as a starter, side dress, fertigated, top dressed or banded to the soil. Dilute with water (if necessary) to ensure uniform distribution.

FIELD & ROW CROPS, VEGETABLES & FRUIT CROPS: Apply 5 to 30 gallons per acre to supply phosphate and potassium requirements.

ORCHARDS & VINEYARDS: Inject 5 to 30 gallons per acre 3 to 5 inches deep at the drip line, or surface band and water into the soil. Repeat applications may be beneficial.

FERTIGATION APPLICATION RATES

FIELD & ROW CROPS, ORCHARDS & VINEYARDS, VEGETABLES & FRUIT CROPS: Use 5 to 20 gallons per acre per irrigation. Continue irrigation for a minimum of 2 hours after application to flush lines and to maximize nutrient distribution with drip and microsprinkler use. Repeat applications may be beneficial.

APPLICATION THROUGH DRIP IRRIGATION - inject after irrigation filter.

GENERAL INFORMATION

Actagro® 18-3-3 contains available phosphate as well as a high level of soluble potash.

Actagro® 18-3-3 is compatible with most pesticides and fertilizers.

CAUTION: Always check compatibility with other products prior to use. Do not mix with conventional calcium based fertilizers. Actagro® 18-3-3 is not compatible with conventional products containing salts of heavy metals.

WARRANTY: Since weather, crops, soil and other conditions may vary, neither Actagro®, LLC, nor the Seller make a warranty of any kind, expressed or implied, concerning the use of this product. The user assumes all risk of use and handling whether or not in accordance with directions or suggestions.

KEEP OUT OF REACH OF CHILDREN. HARMFUL IF SWALLOWED. AVOID CONTACT WITH SKIN, EYES OR CLOTHING. In case of contact immediately flush skin, eyes or clothing with plenty of water for at least 15 minutes.

Information regarding the contents and levels of metals in this product is available on the internet at: <http://www.aapfco.org/metals.htm>

*Not all Actagro® products are compatible with one another or when mixed with other fertilizers and/or pesticides on the market. A small scale compatibility test is recommended prior to mixing.

MIXING INSTRUCTIONS

1. Partially fill tank with water and start agitation.
2. Add other compatible pesticides or foliar nutrients.
3. Add Actagro® 18-3-3 to circulating tank mix.
4. Fill tank and agitate thoroughly.
