

ADURO®

Water Conditioning Agent, Acidifier, and Surfactant

ADURO® is a blend of adjuvant designed to improve spray solution characteristics and performance. ADURO® delivers faster results over a wide range of application environments.

PRINCIPAL FUNCTIONING AGENTS:

Monocarbamide dihydrogen sulfate, alkyl amine ethoxylate,	
1,2,3-trihydroxypropane.....	80%
CONSTITUENTS INEFFECTIVE AS SPRAY ADJUVANTS.....	20%
TOTAL	100%

All ingredients are exempt from tolerance under 40 CFR 180

KEEP OUT OF REACH OF CHILDREN

DANGER

Causes severe skin burns and serious eye damage. May cause respiratory irritation.

PRECAUTIONARY STATEMENTS

Do not breathe mist or spray. Wash hands thoroughly after use. Wear protective gloves, protective clothing, eye protection, and face protection. Use only outdoors in a well-ventilated area. Store in a well-ventilated and locked place. Keep container tightly closed. Do not reuse container. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the web page at www.acrecycle.org. Triple rinse (or equivalent) and offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill. Dispose of contents/container in accordance with Federal, state and local regulations.

FIRST AID

IF IN EYES: Rinse cautiously with water for 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison control center or doctor for treatment advice.

IF ON SKIN (OR HAIR): Take off immediately all contaminated clothing. Rinse skin with water/shower.

IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.

IF INHALED: Remove person to fresh air and keep comfortable for breathing. Immediately call a poison control center or doctor for treatment advice.

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

DIRECTIONS FOR USE: READ ENTIRE LABEL BEFORE USING

For Terrestrial Use Only – Not For Aquatic Use

WA Reg. No. 1381-11002
CA Reg. No. 1381-50019-AA

ADURO® is a formulated blend of specialized surfactants, acidifiers, and pH buffering agents that replace the need for ammonium sulfate and other adjuvants. ADURO® quickly reduces the antagonistic effects of hard water cations and efficiently lowers pH to minimize the effect of alkaline hydrolysis of pesticides. ADURO® is designed for use with glyphosate herbicides or other herbicides containing glyphosate as part of the formulation. ADURO® can also be used with other pesticides which benefit from water conditioning, wetting, spreading, sequestering, buffering or acidification. When used at recommended labeled rates, ADURO® can positively affect the spray solution characteristics and application results through both the speed and extent of performance.

SPECIAL PRECAUTIONS

Do not add ADURO® to undiluted pesticides.

Do not use with pesticides containing DSMA or sulfonylurea chemistries.

The addition of ADURO® may cause phytotoxicity to desirable foliage, especially when plants are stressed or during periods of high temperatures or high humidity. Therefore, do not use ADURO® over the top of desirable crops or foliage unless the applicator/advisor has prior experience with the pesticide mixture on the crop or variety to be treated, or a field response evaluation has recently been conducted.

The performance of spray solutions containing ADURO® may be affected by weather conditions and the operation of application equipment. Ensure application equipment is clean, in proper working order and properly calibrated before using ADURO®.

RECOMMENDED USE RATES

Application	Rate per 100 Gallons
With fully loaded glyphosate	2-4 pints
With partial or unloaded glyphosate	4-8 pints
General purpose	2-8 pints
pH buffering and acidification only	1-2 pints

*Use the higher end of rate range when weeds are large, tough or dense. Aerial applications should also use the higher end of the rate range.

Notice of Warranty

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use. SELLER MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, NOR IS ANY REPRESENTATIVE OF SELLER AUTHORIZED TO MAKE ANY SUCH WARRANTY OR MODIFY THESE TERMS. This warranty does not extend to the storage, handling or use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Seller, and Buyer assumes the risk of any such storage, handling or use. Seller shall not be responsible for incidental or consequential damages, if any, resulting from a breach of warranty.
