

Agri-Hume™

Bedrock

7-21-0

Guaranteed Analysis

Total Nitrogen (N).....	7.00%
6.5% Ammoniacal Nitrogen	
0.2% Nitrate Nitrogen	
0.3% Urea Nitrogen	
Available Phosphate (P ₂ O ₅).....	21.00%
Zinc (Zn).....	0.20%

Derived from: Ammonium hydroxide, urea-ammonium nitrate, phosphoric acid, and zinc sulfate

ALSO CONTAINS NON-PLANT FOOD INGREDIENT(S):
0.6% Humic acid derived from Leonardite

Each gallon Contains:	.75 pounds of N
	2.24 pounds of P ₂ O ₅
	.02 pounds of Zn
Density:	10.69 lbs/gal @68° F
pH Range:	6.0-7.0

KEEP OUT OF REACH OF CHILDREN

HAZARD STATEMENT (GHS-US): Not classified

FIRST AID: If you feel unwell, seek medical advice (show the label where possible).

If inhaled: Remove person to fresh air and keep comfortable for breathing. If on skin: Wash skin with plenty of water. If in eyes: rinse eyes with water as a precaution. After ingestion: Call a poison center/doctor/physician if you feel unwell. Consult a doctor/medical service if you feel unwell.

EPA National Response Center: (800) 424-8802

GENERAL INFORMATION

Agri-Hume™ Bedrock contains a combination of nitrogen, phosphate, and zinc that is designed to assist plants with early root development and plant growth. Whenever phosphate levels are lower than desired, this product serves as a suitable foliar application. Repeated applications may be beneficial. Early morning or late evening is the recommended time for application. Foliar applications that occur close to harvest may leave a brown residue on leaves. Rainfall, high humidity, or sprinkler irrigation can help relieve this issue.

DIRECTIONS FOR USE

Agri-Hume™ Bedrock may be applied on most crops. Ther recommended rate is between 1 to 3 gallons per acre as a pop-up or infurrow. This product should be used immediately if blended with irrigation water and should not be stored for long periods of time. Agri-Hume™ Bedrock is non-phytotoxic when applied properly.

FOLIAR APPLICATION:

Field & row crops, orchards & vineyards, vegetables & fruit crops: Use 1/4 to 2 gallons per acre in enough water for thorough coverage. Do not exceed a concentration of 1:5. Agri-Hume™ Bedrock may be applied through a center pivot irrigation system.

FERTIGATION APPLICATION RATES

Field & row crops, orchards & vineyards, vegetables & fruit crops: Apply 1 to 20 gallons per acre per irrigation. Irrigation should continue for a minimum of 2 hours after application in order to maximize fertilizer distribution. **Drip Irrigation:** Inject after irrigation filter.

SOIL APPLICATION RATES

Agri-Hume™ Bedrock may be applied pre-plant, as a starter, side dress, fertigated, top dressed or banded to the soil. If applying alone, dilute with water to ensure uniform distribution.

Field & row crops, vegetables & fruit crops: Use 1 to 30 gallons per acre in a surface or sub-surface band.

Orchards & vineyards: Inject 5 to 30 gallons per acre 3 to 5 inches deep at the drip line, or surface band and water into the soil.

MIXING AND COMPATABILITY

Use in accordance with recommendations of qualified individual or institution such as, but not limited to, a certain crop advisor, agronomist, university crop extension publication, or apply according to recommendations in your approved nutrient management plan. When tank mixing other products, "Jar Test" proportionally mixed components to confirm compatibility. When blending with other products, trial blends should be conducted before beginning large scale mixing. When blending with other pesticides and fertilizers, the sequence should be as follows: 1. Water(start agitation) 2. Nutrients/Pesticides(micronutrients must have at least an 8:1 ratio of product to micronutrient) 3. Agri-Hume™ Bedrock 4. Fill tank and agitate. **CAUTION:** Do not mix this product with products containing the salts of heavy metals.

CONDITIONS OF SALE AND WARRANTY

Mar Vista Resources, LLC (Seller) warrants that the chemical composition of this product conforms to the chemical description given on this label. THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES AND REPRESENTATIONS EXPRESSED, IMPLIED, OR STATUTORY, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR USE. No one is authorized to make any other warranty, guarantee or directions concerning this product, and no such warranties, guarantees or directions shall be valid or binding upon Seller. Timing, rate and method of application, weather and crop conditions, mixtures with chemicals not specifically recommended on this label or an accompanying written recommendation, are beyond the control of Seller. Buyer assumes all risks of use, storage and handling of this material not in strict accordance with directions given herewith. In no case shall Seller be liable for consequential, special, indirect, or incidental damages or losses resulting from the handling or use of this product. The foregoing is a condition, of sale by Seller and is accepted as such by the buyer. Buyer further agrees in the event of damages arising from the use of this product to accept a replacement of the product or a refund of the purchase price of the product, at buyer's option, as full discharge of Seller's liability.
