

ALLIANCE®

WATER CONDITIONING AGENT FOR USE WITH FULLY-LOADED GLYPHOSATES AND MOST OTHER HERBICIDES REQUIRING AMS

Protected by U.S. Patent No. 5,945,377

With
CornSorb® Technology

PRINCIPAL FUNCTIONING AGENTS:

Ammonium sulfate, saccharides, alkyl polyglucoside.....	50%
CONSTITUENTS INEFFECTIVE AS SPRAY ADJUVANT.....	50%
TOTAL.....	100%

All ingredients are exempt for the requirements of a tolerance in 40 CFR 180.

KEEP OUT OF REACH OF CHILDREN

WARNING

Causes eye irritation.

PRECAUTIONARY STATEMENTS

Wash hands thoroughly after handling.

FIRST AID

IF IN EYES: Rinse cautiously with water for 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention.

In case of medical emergency, call toll free 1-877-424-7452.

STORAGE AND DISPOSAL

Store in secure area away from feed or food products. If frozen, bring back to room temperature, then shake well or re-circulate before use. Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

FOR CHEMICAL EMERGENCY: SPILL, LEAK, FIRE, EXPOSURE, OR ACCIDENT, CALL: CHEMTREC 1-800-424-9300

GENERAL INFORMATION

ALLIANCE® is an AMS replacement that prevents glyphosate tie-up with free ions in the spray tank and improves absorption of herbicide on plant surfaces.

ALLIANCE® enhances the efficacy of Roundup WeatherMax™, Roundup Original Max™ II and various glyphosate herbicides that are labeled for agricultural, aquatic, forestry, non-cropland, and right-of-way uses. ALLIANCE® may be used in spray applications when the pesticide necessitates an ammonium sulfate or ammonium nitrogen additive.

CA Reg. No. 1381-50011-AA

DIRECTIONS FOR USE

Shake well before using

Carefully follow the precautions, restrictions, recommended use rates and application directions appearing on the pesticide label.

Approved For Use With Potassium Salt Glyphosate Formulations.

Approved For Aquatic Use With Pesticide Labeled for Aquatic Use.

Not for Aquatic Use in Washington.

MIXING: Fill the spray tank half full with water and start agitation. Always add ALLIANCE® first with the agitator running. Then add the glyphosate herbicide and continue to fill spray tank. Do not mix ALLIANCE® with INTERLOCK® in an induction system or container when both products are undiluted. Once mixed in water, both products are compatible in either mixing order.

USE RATE: ALLIANCE™ often may be used at a rate of 4 to 6 quarts per 100 gallons of spray solution. The standard use rate is **5 quarts per 100 gallons**. Depending on water hardness, rates may have to be adjusted up to 8 to 10 quarts per 100 gallons of spray solution. (Each gallon of ALLIANCE® contains 3.4 lbs. of actual AMS).

When applying glyphosate herbicides with foliar micronutrients such as MAX-IN® for Beans or MAX-IN® Ultra Manganese, under extreme environmental conditions, or heavy pressure from hard to control weeds, it may be advisable to use ALLIANCE® at a rate of 8 to 10 quarts per 100 gallons of spray solution.

NOTE: When applying aerially, follow pesticide label directions including minimum water volume per acre. Do not substitute ALLIANCE® for water required by the pesticide label.

Notice of Warranty

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use. SELLER MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, NOR IS ANY REPRESENTATIVE OF SELLER AUTHORIZED TO MAKE ANY SUCH WARRANTY OR MODIFY THESE TERMS. This warranty does not extend to the storage, handling or use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Seller, and Buyer assumes the risk of any such storage, handling or use. Seller shall not be responsible for incidental or consequential damages, if any, resulting from a breach of warranty.
