

FIFRA Sec. 2(ee) Recommendation

Alpine® WSG

Water Soluble Granule Insecticide

For control of phorid fly and fungus gnat in commercial, industrial, and residential buildings

For distribution and use only in Maryland and Pennsylvania.

This Technical Information Bulletin expires on December 31, 2023.

EPA Reg. No. 499-561

This recommendation is made as permitted under FIFRA Section 2(ee) and has not been submitted to or approved by the EPA.

All applicable directions, restrictions, precautions, and Conditions of Sale and Warranty on the EPA registered label are to be followed. Refer to the container label for additional instructions. Always read and follow label directions.

Information contained in this Technical Information Bulletin is not intended to replace or amend any product labeling. Always read and follow all label directions when using any pesticide alone or in tank mix combinations.

The user must have this recommendation in their possession at the time of use.

Directions For Use

Apply **Alpine® WSG Water Soluble Granule Insecticide** at a finished dilution of 10-20 grams per gallon to control phorid fly and fungus gnat indoors. For all other application instructions, follow indoor application instructions for house fly on the **Alpine WSG** container label.
