

CALBIT Ca

F002574

2.5 GAL (9.46 L) NET VOLUME – 30.25 lbs (13.72 kg) NET WEIGHT

LIQUID CALCIUM BASED FERTILIZER

GENERAL INFORMATION

CALBIT Ca is a calcium based product designed to treat and prevent Calcium deficiency in all crops. The lignin-sulfonate acid in CALBIT Ca allows for increased availability of Calcium to the plant. CALBIT Ca is only recommended as a supplement to a well balanced fertilizer program.

CLEANING OF SPRAYER

Flush with clean water all parts of the sprayer, including the pump, hoses and nozzles, several times prior to and after the use of this product.

CONDITIONS OF SALE:

Seller warrants this product consists of the ingredients specified and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions and use. No one other than an officer of the seller is authorized to make any warranty, guarantee or direction concerning this product. Because time, place, rate of application and other conditions of use are beyond the seller's control, the seller's liability from handling, storage, and use of this product is limited to replacement of the product or a refund of the purchase price. It is impossible to eliminate all risks associated with use of this product. Crop injury, lack of performance, or other unintended consequences may result because of such factors as use of the product contrary to label instructions, abnormal conditions, presence of other materials, the manner of application, or other factors, all of which are beyond the control of Valagro USA or the seller. All such risks shall be assumed by buyer.
