

Cling

Water Conditioning Agent/ Nonionic Surfactant

Guaranteed Analysis

Ammonium sulfate, alkyl polyglycoside, polydimethylsiloxane.....	43.3%
Constituents ineffective as spray adjuvants.....	56.7%
Total.....	100.0%

All ingredients are exempt from the requirements of a tolerance as specified in 40 CFR 180.

HAZARD STATEMENTS

Causes serious eye irritation. Causes mild skin irritation.

PRECAUTIONARY STATEMENTS

Wash thoroughly after handling. Wear protective gloves/eye/face protection.

IF IN EYES: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation persists, get medical advice/attention.

IF ON SKIN: Wash with plenty of soap and water. If skin irritation occurs, get medical advice/attention. Wash contaminated clothing before reuse.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal of this product.

Storage: Store in a closed container. Store between 40°F and 120°F. Store in original container away from children, animals, foods, feeds and seeds. Handle in accordance with Precautionary Statements. In the event of spillage or leakage, soak up the material with absorbent clay, sand, sawdust or other absorbent material. Scrape up and dispose in accordance with Disposal.

Disposal: Triple pressure rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit www.acrcycle.org. Dispose of contents/container in accordance with local/national regulations.

ENVIRONMENTAL HAZARDS

Not for aquatic use. Do not contaminate water sources by cleaning of equipment or disposal of wastewaters.

IN CASE OF SPILL

In the event of a major spill, fire, or other emergency, call CHEMTREC at (800) 424-9300.

NET CONTENTS: 2.5 Gallons (9.46 Liters)

Elite Technologies • PO Box 129 • Bushland, TX 79012 • 806-349-1031

FIRST AID

Call a poison control center or doctor/physician immediately for treatment advice.

IF IN EYES: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation persists, get medical advice/attention.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

IF ON SKIN (OR HAIR): Remove/take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.

IF SWALLOWED: Rinse mouth. Have person sip a glass of water if able to swallow. Do NOT induce vomiting unless told to do so by a poison control center or doctor. Do not give liquids by mouth to an unconscious person.

GENERAL INFORMATION

CLING is a premium blend of ammonium sulfate and nonionic surfactant formulated to optimize glyphosate and other herbicide activity. CLING optimizes herbicide performance by preventing hard water mineral antagonism of spray mixtures while providing faster wetting and spreading of spray droplets to enhance herbicide movement through the targeted plant surface.

CLING enhances spray coverage, biological activity and absorption of herbicide product labels that recommend the use of ammonium sulfate and/or nonionic surfactants.

MIXING INSTRUCTIONS

Shake container well before use.

Fill spray tank 2/3 full of water and begin agitation. Unless instructed otherwise by accompanying herbicide label, add CLING first to condition the water. Add remaining products as instructed by label or in the following sequence: 1) dry flowables or water dispersible granules; 2) wettable powders; 3) flowables; 4) solutions; 5) emulsifiable concentrates. Continue agitation until spray solution is completely mixed. If spray solution has been allowed to stand, thoroughly agitate to remix prior to application.

DIRECTIONS FOR USE

Specific use rates will vary with conditions such as water hardness, application method, equipment, and weather. Follow pesticide label directions. Do not add this product at a rate which exceeds 5% of finished spray volume.

CLING is not for aquatic use.

CONDITIONS OF SALE

Seller warrants that products will be labeled as required under state and federal laws and that they conform to the label description. Any non-conformance must be reported in writing to Seller within Thirty(30) days after purchase as a prerequisite to maintaining any claim against Seller. Buyer agrees to inspect all products purchased immediately upon delivery. The seller's liability under this warranty is in lieu of all other warranties, expressed or implied, including warranties of merchantability and fitness for a particular purpose. There are no warranties which extend beyond this statement.
