CUE™

Basic Blend and Surfactants

PRINCIPAL FUNCTIONING AGENTS:

Urea ammonium nitrate, propylene glycol, alcohol ethoxylate	77%
Constituents ineffective as a spray adjuvant	23%
TOTAL	100%

All ingredients are accepted for use under 40 CFR 180.

HAZARD STATEMENTS:

May be harmful if swallowed.
May be harmful if inhaled.
Causes serious eye irritation.
Causes skin irritation.

PRECAUTIONARY STATEMENTS

General:

If medical advice is needed, have product container or label on hand.
Keep out of reach of children.
Read label before use.

Prevention: Wash hands, face and other affected areas thoroughly after handling.

Wear protective gloves, protective clothing, eye protection and face

protection.

Take off contaminated clothing and wash be-fore reuse.

Response: Call a POISON CENTER or doctor/physician if you feel unwell. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell. IF ON SKIN: Wash with plenty of water. If skin irritation occurs get medical advice/attention.

IF SWALLOWED: Rinse mouth. DO NOT induce vomiting. Obtain medical attention if you feel unwell.

In case of emergency call CHEMTREC 1-800-424-9300

KEEP OUT OF REACH OF CHILDREN

WARNING

Read Entire Label Before Using This Product

FIRST AID

Call a poison control center or doctor immediately for treatment advice. Have the product container with you when calling a poison control center or doctor, or going for treatment.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical advice / attention.

IF INHALED: Assure fresh air breathing.

IF ON SKIN: If skin irritation occurs, get medical advice / attention. Take off contaminated clothing and wash before reuse.

IF SWALLOWED: Rinse mouth. DO NOT induce vomiting. Obtain medical attention if you feel unwell.

PRODUCT INFORMATION

CUE is a basic blend plus nonionic surfactant combination designed to improve the penetration and absorption of pesticides that perform best in a higher pH mix tank environment. This distinct combination of ingredients enhances the overall effectiveness of certain pesticides and tank mixes for improved pest management results. CUE contains buffers that raise the pH of a spray solution to improve the stability and effectiveness of certain pesticides, especially in small grains, such as sulfonyleureas. CUE also contains nonionic surfactants which aid in spreading and wetting to improve the absorption of these pesticides. CUE has also proven not to be antagonistic when tank mixed with glyphosate.

DIRECTIONS FOR USE

NOT FOR AQUATIC USE

Follow the directions on all pesticide labels. If the pesticide does not specify the use of a basic blend or nonionic surfactant, follow the directions below. Use only if a basic blend or nonionic surfactant is allowed or not excluded on the label. If the user does not have experience with the mixture being applied, perform a jar test using the order and amounts in the mixture and perform a phytotoxicity test to ensure crop safety.

Order of Addition

In general, follow the W-A-L-E-S plan when adding herbicides to a tank mix.

1. Wettable Powders (WP) then Flowables (F, DF)
2. Agitate then add adjuvants such as anti-foaming compounds, buffers
3. Liquid and Soluble products
4. Emulsifiable Concentrates (EC)
5. Surfactants or other adjuvants

Prior to mixing you should fill your spray tank with half of the carrier you intend to use, usually water. Then start the sprayer and check to make sure that all valves and gauges work and that you have proper tank agitation.

APPLICATION RATE RECOMMENDATIONS

The standard use rate is 0.5 – 1% v/v (1/2 – 1 gallon per 100 gallons of spray mix) for application rates above 5 gallons per acre. For spray rates of less than 5 gallons per acre, use 2% v/v (2 gallons per 100 gallons of spray mixture).

Sugarbeet Micro Rates: Add CUE first to clean water in spray tank when using with sugarbeet micro rates and follow specific tank filling and mixing information provided on the herbicide labels. The addition of MSO at 1% v/v may demonstrate improved performance.

ENVIRONMENTAL HAZARDS

Do not contaminate water sources by cleaning of equipment or disposal of wash water.

STORAGE AND DISPOSAL

DO NOT contaminate water, food, or feed by storage or disposal.

STORAGE: Store in a cool, well-ventilated place. Keep in original container tightly closed. Do not reuse empty container. For optimal storage, store between 40°F and 90°F.

DISPOSAL: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit www.acrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

DO NOT REUSE EMPTY CONTAINER FOR ANY PURPOSE.

CONDITION OF SALE AND LIMITATION OF WARRANTY AND LIABILITY

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

The Directions for Use of this product must be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Ineffectiveness or other unintended consequences may result because of such factors as manner of use or application, weather, presence of other materials or other influencing factors in the use of the product, which are beyond the control of INNVICTIS CROP CARE, LLC or Seller. To the extent consistent with applicable law, all such risks shall be assumed by Buyer and User, and Buyer and User agree to hold INNVICTIS CROP CARE, LLC and Seller harmless for any claims relating to such factors.

INNVICTIS CROP CARE, LLC warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use, subject to the inherent risks referred to above, when used in accordance with directions under normal use conditions. This warranty does not extend to the use of this product contrary to label instructions or under conditions not reasonably foreseeable to or beyond the control of Seller or INNVICTIS CROP CARE, LLC, and Buyer and User assume the risk of any such use. **TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, INNVICTIS CROP CARE, LLC MAKES NO WARRANTIES OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.**

To the extent consistent with applicable law, neither INNVICTIS CROP CARE, LLC nor Seller shall be liable for any incidental, consequential or special damages resulting from the use or handling of this product. **TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THE EXCLUSIVE REMEDY OF THE USER OR BUYER, AND THE EXCLUSIVE LIABILITY OF INNVICTIS CROP CARE, LLC AND SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THE PRODUCT OR, AT THE ELECTION OF INNVICTIS CROP CARE, LLC OR SELLER, THE REPLACEMENT OF THE PRODUCT.**

INNVICTIS CROP CARE, LLC and Seller offer this product, and Buyer and User accept it, subject to the foregoing Conditions of Sale and Limitation of Warranty and Liability, which may not be modified except by written agreement signed by a duly authorized representative of INNVICTIS CROP CARE, LLC.
