Molybdenum (Mo).....	0.0008%
Zinc (Zn).....	0.056%
0.056 Chelated Zinc (Zn)	

Derived from: Urea, Phosphoric Acid, Potassium Hydroxide, Boric Acid, Cobalt Sulfate, Copper EDTA,

Manganese EDTA, Sodium Molybdate, and Zinc EDTA

WARNING FOR Molybdenum: The application of fertilizing materials containing molybdenum(Mo) may result in forage crops containing levels of molybdenum(Mo) which are toxic to ruminant animals.

WARNING: This product contains boron(B) and may be harmful to certain crops. Use only according to manufacturer's directions.

KEEP OUT OF REACH OF CHILDREN

F2737

WARNING

Hazard Statements: Causes skin irritation. Causes serious eye irritation.

Precautionary Statements: Wash hands thoroughly after handling. Wear protective gloves. Wear eye and face protection.

FIRST AID: **If on skin:** Wash with plenty of water. If skin irritation occurs, get medical advice or attention. Take off contaminated clothing and wash it before reuse. **If in eyes:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical advice or attention.

FOR AGRICULTURAL USE ONLY

V:081221-MW

DENSITY: 10.24 LBS/GALLON @ 68° F

LIQUID CONTENT 2.5 US GALLONS (9.5 L) NET WEIGHT: 25.60 LBS (11.6 kg)
LIQUID CONTENT 265 US GALLONS (1,003 L) NET WEIGHT: 2,713 LBS (1231 kg)

GENERAL INFORMATION

Cell Power® Leaf Act® #2 can be used in combination with water soluble plant nutritional products which are formulated for foliar, sidedress or drip irrigation applications. May be applied alone or in tank mixes containing fertilizers, fungicides and/or pesticides. **Cell Power® Leaf Act® #2** is believed to be compatible with most agricultural water-soluble plant nutritional products. If physical compatibility with another fertilizer product is unknown, use a jar compatibility test.

ONCE PRODUCT IS DILUTED, USE WITHIN 24 HOURS

DIRECTIONS FOR USE

General Use: 1-4 quarts per acre. Use **Cell Power® Leaf Act® #2** as a foliar application to supplement the normal soil fertility crop program. **Compatibility:** **Cell Power® Leaf Act® #2** is compatible with most pesticides commonly used on most crops. **Caution:** Do not mix with calcium or magnesium fertilizers in a concentrate situation as these will settle out.

Transplanting: Use 1-2 quarts per 100 gallons of water. It usually requires about 200-300 gallons of water per acre for transplanting.

Apples, Peaches, Pears, Plums, Nectarines, Apricots, Cherries, Citrus, Fruits, Walnuts, Pecans and Almonds: Use 1-4 quarts per acre. Apply early in the growth season or whenever supplemental feeding is necessary to improve tree vigor, fruit or nut set or adverse weather conditions are prevalent. For most tree crops, 3-5 applications are desirable during the growing season. On tree fruit where fruit color and maturity is delayed by nitrogen applications, do not use **Cell Power® Leaf Act® #2** in late season sprays.

Strawberries: Use 1-4 quarts per acre when the first fruit buds develop in the crown. Three or more additional applications are desirable at 7-10 day intervals

Grapes, Raspberries, Blackberries and Blueberries: Use a rate of 1-4 quarts per acre early in the season to improve vine or cane vigor and growth. Where fruit color and maturity is delayed by nitrogen applications, do not use within 60 days of harvest.

Row Crops (Soybeans, Peanuts, Field Corn, Popcorn, Sugar Beets, Table Beets and Sweet Potatoes): Use 1-4 quarts per acre to improve growth and yield. One to five applications are desirable depending on the crop and season.

Cotton: To stimulate boll development, maturity and fiber strength, apply **Cell Power® Leaf Act® #2** as a foliar spray at the rate of 1-4 quarts per acre. Applications should begin right at peak bloom and continue every 7-10 days. Apply 4-5 applications for best results.

Hops and Mint: Use at a rate of 1-4 quarts per acre, starting early in the season to improve growth and yield. 2-5 applications are desirable depending on the season.

STORAGE and DISPOSAL

STORAGE: Store in a cool, dry, well-ventilated place out of direct sunlight. Store in original tightly closed container away from children, animals, foods, feeds, and seeds. Store at ambient temperatures.

Product and Container Disposal: Do not contaminate water, food, or feed by storage or disposal. Empty containers or liners may retain some product residues. Triple rinse (or equivalent), during mixing and loading. Dispose of contents in accordance with local/regional/national/international regulations.

CONDITIONS OF SALE-LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale-Warranty and Limitations of Liability and Remedies before using this product. The directions should be followed carefully together with good application practice. Failure to do so may cause injury to crops, animals, man, or the environment. Extraordinary or unusual weather conditions may affect product performance and/or crop injury which are beyond the control of Omex® Agrifluids, Inc. (the "Company") or seller. The Company warrants that this product conforms to the chemical description on the label and is reasonably for the purpose referred to in the Directions For Use. The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at Company's election, ONE of the following: 1. Refund of the purchase price paid by buyer or user for product bought. 2. Replacement of the product used. To the extent allowed by law, the Company shall not be liable and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The company/seller offer this product and the buyer/user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability, and remedies.

Tests have not been carried out under all possible use conditions and Seller cannot and does not represent or warrant that the goods are compatible with all other chemicals or under all use conditions.

CALIFORNIA PROPOSITION 65 WARNING: This product contains chemicals including cobalt sulfate, which is known to the State of California to cause cancer.
