GENERAL INFORMATION

CELL POWER® LADY LUCK can be used in combination with water soluble plant nutritional products which are formulated for foliar, or sidedress application. **CELL POWER® LADY LUCK** may be applied alone or in tank mixes containing fertilizers, fungicides and/or pesticides. **CELL POWER® LADY LUCK** is believed to be compatible with most agricultural, water-soluble plant nutritional products. If physical compatibility with another fertilizer product is unknown, use a jar compatibility test.

ONCE PRODUCT IS DILUTED, USE WITHIN 24 HOURS

DIRECTIONS FOR USE

All Permanent Crops: 1-2 quarts per acre. Apply prebloom and during leaf flush. Repeat applications every 2-4 weeks as required.

All Strawberries, Caneberries & Blueberries: Apply 1-2 quarts/acre. Begin applying as early two weeks after transplant and apply every 2-4 weeks as needed.

All Field Crops and Hops: Apply 1-2 quarts/acre. Begin applications when plants are 6-8 inches in size and continue applications every 2-4 weeks as required.

All Vegetable Crops: Apply 1-2 quarts/acre. Begin applications when plants are 6-8 inches in size and continue applications every 2-4 weeks as required.

Ornamental Tree, Shrubs and Flowering Plants: Apply at dilution rate of 3 ounces in 1 gallon of water. Spray to run off. Apply as needed at spray intervals of 14 days or more.

Tank Mix: Compatible with most common pesticides and fertilizers. Always jar test before tank mixing to ensure physical compatibility.

SOIL APPLICATION RECOMMENDATIONS

CELL POWER® LADY LUCK can be applied to any irrigation system including, but not limited to the following: center pivot, side-roll, solid set, flood, drip and/or micro-irrigation. Apply 32 oz to 1.5 gallon/acre. Apply as needed to improved plant vigor and growth. To ensure compatibility of **CELL POWER® LADY LUCK** with the source water, a jar test is strongly encouraged.

STORAGE and DISPOSAL

Storage: Store in a cool, dry, well-ventilated place out of direct sunlight. Store in original tightly closed container away from children, animals, foods, feeds, and seeds. Store at ambient temperatures.

Product and Container Disposal: Do not contaminate water, food, or feed by storage or disposal. Empty containers or liners may retain some product residues. Triple rinse (or equivalent), during mixing and loading. Dispose of contents in accordance with local/regional/national/international regulations.

CONDITIONS OF SALE-LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale-Warranty and Limitations of Liability and Remedies before using this product. The directions should be followed carefully together with good application practice. Failure to do so may cause injury to crops, animals, man, or the environment. Extraordinary or unusual weather conditions may affect product performance and/or crop injury which are beyond the control of Omex® Agrifluids, Inc. (the "Company") or seller. The Company warrants that this product conforms to the chemical description on the label and is reasonably for the purpose referred to in the Directions For Use. The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at Company's election, ONE of the following: 1. Refund of the purchase price paid by buyer or user for product bought. 2. Replacement of the product used. To the extent allowed by law, the Company shall not be liable and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The company/seller offer this product and the buyer/user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability, and remedies.

Tests have not been carried out under all possible use conditions and Seller cannot and does not represent or warrant that the goods are compatible with all other chemicals or under all use conditions.
