GENERAL INFORMATION

Cell Power[®]N-Ergy Calcium can be used in combination with water soluble plant nutritional products which are formulated for foliar, sidedress or drip irrigation application. May be applied alone or in tank mixes. **CellPower[®]N-Ergy Calcium** is believed to be compatible with most agricultural water-soluble plant nutritional products. If physical compatibility with another fertilizer product is unknown, use a jar compatibility test.

ONCE PRODUCT IS DILUTED, USE WITHIN 24 HOURS

DIRECTIONS FOR USE

All Permanent Crops: Apply ½ gallon/acre near bloom. Continue ½ gallon/acre applications every two weeks during the fruit sizing period. One application pre-bloom at ½ gallon/acre may be applied. Apply post-harvest applications of up to 2 gallons prior to true dormancy on all permanent crops.

All Strawberries, Canberries and Blueberries: Begin applying as early as bloom at ½ gallon/acre. Continue the applications every two weeks during the flowering/fruit setting cycles of the crop. For blueberries which are more determinate, begin applications at fruit set and go every two weeks during the fruit sizing period.

All Field Crops and Hops: Begin application of ½ gallon/acre prior to bloom and continue for two weeks during the active growing prior of the crop.

All Vegetable Crops: Begin applications right after thinning/planting and make 2-4 total applications at ½ gallon.

SOIL APPLICATION RECOMMENDATIONS

Shake Well Before Use: Apply **Cell Power[®]N-Ergy Calcium** up to 32 gallon/acre/season via any type of irrigation system (includes, but is not limited to side-roll, center pivot, drip/micro, flood and solid set). Make applications as early as bloom and right after fruit/nut/grain set on crops listed above. Make applications at ½ gallon/acre through the irrigation system and incorporate into the crop root zone. Apply ½ gallon/acre every two weeks during the crop sizing period until about 2 weeks prior to harvest. **Foliar Application Rate:** Use a dilution rate of 0.5-1% spray solution and avoid spraying during direct sunlight.

STORAGE AND DISPOSAL

Store in a cool, dry, well-ventilated place out of direct sunlight. Store in original tightly closed container away from children, animals, foods, feeds, and seeds. Store at ambient temperatures. Product and Container Disposal: Do not contaminate water, food, or feed by storage or disposal. Empty containers or liners may retain some product residues. Triple rinse (or equivalent), during mixing and loading. Dispose of contents in accordance with local/regional/national/international regulations.

CONDITIONS OF SALE—LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale—Warranty and Limitations of Liability and Remedies before using this product. The directions should be followed carefully together with good application practice. Failure to do so may cause injury to crops, animals, man, or the environment. Extraordinary or unusual weather conditions may affect product performance and/or crop injury which are beyond the control of Omex Agrifluids, Inc. (the "Company") or seller. The Company warrants that this product conforms to the chemical description on the label and is reasonably for the purpose referred to in the Directions For Use. The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including no implied warranty of merchantability or "fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at Company's election, ONE of the following: 1. Refund of the purchase price paid by buyer or user for product bought. 2. Replacement of the product used. To the extent allowed by law, the Company shall not be liable and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The company/seller offer this product and the buyer/user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability, and remedies.

Tests have not been carried out under all possible use conditions and Seller cannot and does not represent or warrant that the goods are compatible with all other chemicals or under all use conditions.
