GENERAL INFORMATION

Cell PowerSuperphite can be used in combination with water soluble plant nutritional products which are formulated for foliar, sidedress or drip irrigation application. May be applied alone or in tank mixes. **Cell PowerSuperphite** is believed to be compatible with most agricultural water-soluble plant nutritional products. If physical compatibility with another fertilizer product is unknown, use a jar compatibility test.

ONCE PRODUCT IS DILUTED, USE WITHIN 24 HOURS

DIRECTIONS FOR USE

Citrus & Avocados: 2-3 pints/per acre. Apply after bloom and make 2-3 applications as needed every 2-3 weeks apart. **Field, Vegetable**

& Hops Crops: 2-3 pints/per acre. Begin applications when plants are 6-8 inches in size. Make applications at 3-4 week intervals.

Deciduous Fruit & Nut Crops: 2-3 pints/per acre. Make first application after bloom. Make 2-3 applications as required, every 2-3 weeks apart.

Grapes & Berries: 2-3 pints/per acre. Make applications beginning post-bloom. Make 2-3 applications as required, every 2-3 weeks.

SOIL APPLICATION RECOMMENDATIONS

Apply **Cell PowerSuperphite** on all soil types at a rate of 2-8 pints per acre in all crops and soil applications. This material should be diluted prior to application through any irrigation system. Perform a jar test to ensure compatibility with the irrigation water source.

STORAGE and DISPOSAL

Storage: Store in a cool, dry, well-ventilated place out of direct sunlight. Store in original tightly closed container away from children, animals, foods, feeds, and seeds. Store at ambient temperatures.

Product and Container Disposal: Do not contaminate water, food, or feed by storage or disposal. Empty containers or liners may retain some product residues. Triple rinse (or equivalent), during mixing and loading. Dispose of contents in accordance with local/regional/national/international regulations.

CONDITIONS OF SALE-LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale-Warranty and Limitations of Liability and Remedies before using this product. The directions should be followed carefully together with good application practice. Failure to do so may cause injury to crops, animals, man, or the environment. Extraordinary or unusual weather conditions may affect product performance and/or crop injury which are beyond the control of Omex Agrifluids, Inc. (the "Company") or seller. The Company warrants that this product conforms to the chemical description on the label and is reasonably for the purpose referred to in the Directions For Use. The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at Company's election, ONE of the following: 1. Refund of the purchase price paid by buyer or user for product bought. 2. Replacement of the product used. To the extent allowed by law, the Company shall not be liable and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The company/seller offer this product and the buyer/user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability, and remedies.

Tests have not been carried out under all possible use conditions and Seller cannot and does not represent or warrant that the goods are compatible with all other chemicals or under all use conditions.
