GENERAL INFORMATION

SOMex is a foliar nutritional fertilizer of macronutrients. It may be applied alone or in tank mixes. However, when use of an unfamiliar mix is made, a compatibility test is always recommended. Foliar fertilization is a supplement to a regular fertilizer program and will not supply the total nutrients required by a crop. SOMex is recommended as foliar nutrition to be applied to crops where insufficient nutrient levels are indicated by laboratory tissue analysis.

MIXING DIRECTIONS

Add approximately $\frac{1}{2}$ water to tank before adding SOMex. Agitate thoroughly while adding remaining water. Do not allow mixture to stand. Failure to maintain agitation will cause SOMex to settle and may necessitate manual stirring to re-disperse. If used in combination with pesticides, add pesticides last.

COMPATIBILITY

SOMex is compatible with most pesticides and can be applied in existing spray programs. When using a chemical mixture that has not been used before, always try a small sample rate before application, or check compatibility by doing a jar test. Due to its acidic nature, adding SOMex to the spray solution can lower the pH of the finished spray solution. Adhere to pesticide manufacturer's recommendations regarding appropriate pH range.

STORAGE and DISPOSAL

STORAGE: Store in original containers only. Keep containers tightly closed when not in use. Store in a cool, dry well-ventilated area, preferably in a locked storage area away from children, feed and food products, and seed. Store at ambient temperatures. Do not contaminate water, food, or feed by storage or disposal. **DISPOSAL:** Do not reuse container. Plastic: Triple rinse (or equivalent), adding rinse water to spray tank, then offer for recycling at an ACRS site (go to <http://www.acrecycle.org/> for locations) or by reconditioning, or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Do not contaminate water, food, or feed by storage or disposal.

HANDLING: Avoid breathing fertilizer mists. Avoid prolonged or repeated skin contact. Avoid eye contact. Wash hands thoroughly after handling this product.
