

## GENERAL INFORMATION

**PURPOSE:** Charge SP is a 70% humic acid product which is manufactured by a unique patented process comprised of extracting the acid directly from leonardite. Charge SP may be applied to all crops through the soil or the foliage. Application rates may vary. Charge SP is not a plant food but may increase micronutrient uptake

## DIRECTIONS FOR USE

Crop yield / plant growth may be compromised if the product is not used according to label directions.

Keep the lid on tight when not in use.  
SHAKE OR STIR WELL BEFORE USING.

## RECOMMENDED USES

Charge SP can be applied to all crops including fruits, vegetables, trees, vines, flowers, ornamentals, turf, grain and other row crops.

Application rates and frequency are dependent upon soil and climate conditions present. Typical application rates range from 2 to 10 pounds per crop per acre per season.

Charge SP may be applied through conventional methods but not limited to foliar spray, soil application, drip irrigation, water run, shanking in or hydroponically.

Follow the labeled rates for nutrients and/or consult with your local PCA

Charge SP may be applied alone or with liquid fertilizers with a pH of 7.0 or higher.

Compatibility can be simply checked by:

- Mixing each product in a clear container in the same proportion to be used in the field
- Agitating vigorously for at least 30 seconds
- Visually observing for precipitate

Always consult the Safety Data Sheet for instructions on proper handling.

**MIXING INSTRUCTION:** Use the following mixing order: 1. Water 2. Charge SP 3. Pesticide/Fertilizer. Charge SP is compatible with most fertilizers and pesticides. Always conduct a jar test when using new or untried combinations.

Notice: The information contained herein is true and accurate to the best of our knowledge and belief but is presented without guarantee since field conditions and use are beyond our control. Neither the manufacturer nor the seller makes any warranty, expressed or implied concerning the use of this product other than indicated on the label. Buyer assumes all risk of use of this material when such use is contrary to label instruction. Read and follow the label directions carefully.

CONDITIONS OF SALE: 1. Seller warrants that this product consists of the ingredients specified and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions of use. No one, other than an officer of Seller, is authorized to make any warranty, guarantee of direction concerning this product. 2. Because of time, place, rate of application and other conditions of use are beyond sellers control, Sellers liability from handling, storage and use of this product is limited to replacement of product or refund of purchase price.
