Directions for Use

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Disease	Fl. Oz. per 1,000 Sq. Ft.	Pints per Acre	Application Interval/ Timing	Instructions
Brown Ring Patch (<i>Waitea circinata</i> var. <i>circinata</i>)	3.5 to 5.5	8.2-15	14-21 Days	Apply when conditions are favorable for disease development. When disease pressure is high, use higher rates of Concert II and shorter intervals.

The user must refer to the federally approved labels for the above noted product and read and follow all directions for use, restrictions, and precautions.

The user should have this recommendation in its possession at the time of use.

Use of this product according to this bulletin has not been reviewed or endorsed by the Office of the Indiana State Chemist.

This recommendation for use of Concert II Fungicide is permitted under Section 2(ee) of FIFRA and has not been submitted to or been approved by EPA.
