

CONTRIBUTE™

SR

A source of naturally occurring beneficial live cultures and enzymes for microbial inoculation and soil recovery

- Improves balance of microbiota
- Accelerates decomposition of organic materials

DIRECTIONS FOR USE

Field application: Apply 1 to 5 lbs/acre by ground, by chemigation or via air in sufficient water or liquid fertilizer to provide uniform coverage of soil or plant surface. Mix well with water and use within 48 hours. The user should seek the advice of an agricultural representative or professional for specific application timings and rates. When tank mixed with other chemicals, compatibility testing should be conducted prior to application. Mix Well with water (not containing chlorine or iodine). Apply at 4-6 week intervals throughout growing season.

Composting: Mix 1 lb per 100 cubic feet of compost.

It is important to promote the best contact surface between waste material and CONTRIBUTE SR.

Warning: This product contains live microorganisms and may cause adverse effects to persons with a compromised immune system. Avoid contact with eyes, mouth and broken skin. Do not inhale product. Wear eye and skin protection when handling. Wash hands after using. Keep out of reach of children.

STORAGE AND SHELF LIFE

Store in cool, dry place between 34°-100°F. Do not store diluted product. Product performance is best if stored under these conditions and if used within 24 months from date of manufacture.

INGREDIENTS	AMOUNT (% w/w)
<i>Bacillus subtilis</i>	0.15%
<i>Enterococcus faecium</i>	0.1%
<i>Lactobacillus plantarum</i>	0.15%
Inerts	99.25%
