

Supplemental Labeling

Dow AgroSciences

Element[®] 3A

EPA Reg. No. 62719-37

Directions for Use on Land Grazed by Lactating Dairy Animals

This supplemental label expires on March 1, 2019 and must not be used or distributed after this date.

ATTENTION

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- This labeling must be in the possession of the user at the time of application.
- Read the label affixed to the container for Element[®] 3A specialty herbicide before applying. Carefully follow all precautionary statements and applicable use directions.
- Use of Element 3A according to this supplemental labeling is subject to all use precautions and limitations imposed by the label affixed to the container for Element 3A.

DANGER

Use Precautions and Restrictions

Consult with a Dow AgroSciences representative if you do not understand the "Use Precautions and Restrictions." Call (1-800-263-1196) for more information.

Grazing and Haying Restrictions

Grazing green forage:

- There are no grazing restrictions for livestock or dairy animals on treated areas.

Haying (harvesting of dried forage)

- Do not harvest hay for 14 days after application.

Slaughter Restrictions: During the season of application, withdraw livestock from grazing treated grass at least 3 days before slaughter.
