Net Contents 265 gallons (1003.1 liters)
9.52 lbs. per gallon (1141 grams/liter) @ 68° F

actagro

DIRECTIONS FOR USE

Elyxir™ can be applied to most vegetable and cucurbit crops, field and row crops, deciduous fruit and nut trees, grapes, berries, olives, avocados and citrus. All foliar applications should be as a dilute spray. May also be applied directly to soils or injected through irrigation systems. May be blended into most liquid fertilizers.

Mixing with irrigation water for field storage is generally not recommended. Products blended with irrigation water should be used immediately and not stored for prolonged periods. Repeat applications may be beneficial.

FOLIAR APPLICATION RATES

ALL CROPS: Apply 1.5 to 4 pints. Use enough water for thorough coverage, 10 gpa minimum. Repeat applications are beneficial. May be applied through center pivot irrigation systems.

SOIL APPLICATION RATES

Elyxir™ may be applied pre-plant, as a starter, side dress, fertigated, top dressed or banded to the soil. Dilute with water to ensure uniform distribution. Elyxir™ may be used as a pop-up or in-furrow at 1.5 to 3 pints per acre. Repeat applications may be beneficial.

ALL CROPS: Apply 1.5 to 4 pints per acre.

FERTIGATION APPLICATION RATES

ALL CROPS: Use 1.5 to 4 pints per acre per irrigation. Continue irrigation for a minimum of 2 hours after application to flush lines and to maximize nutrient distribution with drip and microsprinkler use. Repeat applications may be beneficial.

APPLICATION THROUGH DRIP IRRIGATION - inject after irrigation filter.

TRANSPLANT WATER - ALL CROPS: Use 1.5 to 3 pints per acre in a minimum of 100 gallons of water per acre.

SHAKE WELL BEFORE USE

GENERAL INFORMATION

Elyxir™ is a liquid concentrate formulated for foliar and soil use derived from *Ascophyllum nodosum* seaweed.

Elyxir™ is non-phytotoxic when used as directed and is compatible with most commonly used pesticides and fertilizers.

CAUTION: Always check compatibility with other products prior to use. Do not mix with strongly acidic materials.

WARRANTY: Since weather, crops, soil and other conditions may vary, neither Actagro®, LLC, nor the Seller make a warranty of any kind, expressed or implied, concerning the use of this product. The user assumes all risk of use and handling whether or not in accordance with directions or suggestions.

KEEP OUT OF REACH OF CHILDREN. HARMFUL IF SWALLOWED. AVOID CONTACT WITH SKIN, EYES OR CLOTHING. In case of contact immediately flush skin, eyes or clothing with plenty of water for at least 15 minutes.

*Not all Actagro® products are compatible with one another or when mixed with other fertilizers and/or pesticides on the market. A small scale compatibility test is recommended prior to mixing.
