

EXCITER™

ACTIVATOR-PENETRANT

PRINCIPAL FUNCTIONING AGENTS:

Alkyl polyglycoside, Ammonium sulfate and Ammonium nitrate 51.02%

CONSTITUENTS INEFFECTIVE AS SPRAY ADJUVANT: 48.98%

TOTAL: 100.00%

CA Reg. No. 34704-50082

KEEP OUT OF REACH OF CHILDREN

WARNING

Hazard and Precautionary Statements: Causes eye irritation. Wash hands thoroughly after handling.

Environmental Precautions: Prevent further leakage or spillage if safe to do so. Do not contaminate water when cleaning equipment or disposing of equipment washwaters. Do not allow to enter drains, sewers, or watercourses.

NET CONTENTS:

30 GL (113 L)

260 GL (984 L)

Loveland Products, Inc. • PO Box 1286 • Greeley, CO 80632-1286

Personal Protective Equipment: Wear protective gloves/protective clothing/eye protection.

FIRST AID

If in eyes: Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes.

FOR A MEDICAL EMERGENCY INVOLVING THIS PRODUCT CALL 1-866-944-8565.

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

DIRECTIONS FOR USE

EXCITER™ is an activator/penetrant formulated with ammonium salts, non-ionic surfactants and anti-foaming agents. EXCITER enhances the biological activity and leaf-surface penetration of herbicides, defoliant and desiccants whose labels specify the addition of ammonium sulfate/nitrate and/or surfactants. These may include glyphosate-containing products, paraquat-containing

products, sulfonil urea herbicides, and others. EXCITER may be used on agricultural, aquatic, forestry, turf and ornamental, industrial, and non-cropland sites.

Read and follow the precautions, restrictions and recommendations on the labels of pesticides used with EXCITER. Use according to the most restrictive label directions for each product in any tank mix.

NOT FOR AQUATIC USE IN WASHINGTON

COMPATIBILITY: EXCITER is compatible with most pesticides. However, if the desired combination has not been previously used, a compatibility test is recommended.

MIXING

Shake well before using. Fill spray tank 1/2 full of water and begin agitation. Add recommended amount of EXCITER. Add pesticides as directed by label or in the following sequence and continue filling tank.

1. Dry flowables or water dispersing granules
2. Wettable powders
3. Flowables
4. Solutions
5. Emulsifiable concentrates

Continue agitation until spray solution is completely mixed. Continuous agitation of finished spray is recommended. If spray solution has been allowed to stand, thoroughly agitate and re-mix before application.

RECOMMENDATIONS

Specific use rates will vary with conditions of application such as water hardness, application method, equipment, spray droplet size, condition of foliage, etc. Also, higher rates than those below may be used if recommended by pesticide labeling. Follow pesticide label directions. However, do not add this product at a rate which exceeds 5% of the finished spray volume. One gallon of EXCITER contains 2.0 pounds of ammonium sulfate.

AIR or GROUND: Use 1.0 to 4.0 quarts per 100 gallons of finished spray solution. For improved efficacy, use at least 1.0 pint per acre when finished spray volume is less than 20.0 gallons per acre. For backpack or hand held sprayers, use 1/3 or 1-1/4 fluid ounces per gallon of finished spray solution.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry place. Store in original container. Keep container tightly closed. Do not reuse empty container.

DISPOSAL: Do not contaminate water, food or feed by storage or disposal. Dispose of contents/container on-site or at an approved waste disposal facility. Triple rinse (or equivalent) adding rinse water to spray tank. Offer container for recycling or dispose of container in sanitary landfill, or by other procedures approved by appropriate authorities. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler, visit the ACRC web page at www.acrcycle.org
