## AGRICULTURE FOAM CONTROL

**FOAM FREE** is an effective high grade silicone anti-foaming agent found to be very effective in reducing or eliminating foam in most agriculture spray equipment.

## DIRECTIONS FOR USE

Shake well before using. For best foam control, add **FOAM FREE** to spray liquid before foam starts to appear. If foam has already started to build, add **FOAM FREE** directly to the foam. The use of 1 to 4 ounces of **FOAM FREE** per 100 gallons of spray mixture is generally sufficient to suppress or eliminate foam from most conventional spray tanks. Agitation will aid dispersion.

## STORAGE AND DISPOSAL

Store in cool, dry place. Store in original container. Keep container tightly closed. Do not reuse empty container. Triple rinse, then offer for recycling or for disposal in a sanitary landfill, or by other means in accordance with local, state and federal regulations.
