

FS CleanSupreme™

Spray Tank Cleaner

PRINCIPAL FUNCTIONING AGENTS

Organic amine, inorganic hydroxides, surfactants and formulation aids..... 100%
All ingredients are exempt from the requirements of a tolerance under CFR 40, 180.1001(c).

DANGER: CAUSES EYE BURNS, CAUSES SKIN IRRITATION, HARMFUL IF SWALLOWED. MAY CAUSE ALLERGIC SKIN REACTION. KEEP OUT OF REACH OF CHILDREN. Read PRECAUTIONARY STATEMENTS and MSDS for important information.

PRECAUTIONARY STATEMENTS—CORROSIVE, FOR USE BY TRAINED PERSONNEL ONLY. Before using this product, read the entire label, including the Disclaimer of Warranties and Limitation of Liability. This product contains caustic alkali, which may cause severe burns to skin and eyes. Harmful or fatal if swallowed. Severity of damage or injury increases with length of contact time. Do not get in eyes, on skin or clothing. This product is not corrosive to most sprayer tanks and equipment; however, it will remove large amounts of scale and rust that could plug screens and nozzles or expose hidden leaks. Do not use FS CleanSupreme on nonferrous metals, such as soft aluminum, copper and brass. Due to existing variables in equipment and component type, construction age and cleanout technique, the use of FS CleanSupreme does not guarantee removal or neutralization of all residues. Therefore, thorough sprayer cleanout is the responsibility of the applicator. Always conduct a test to verify acceptable residue removal.

PERSONAL PROTECTIVE EQUIPMENT—Applicators or other handlers of this chemical must wear: long-sleeved shirt, protective apron, pants, shoes and socks, rubber/PVC gloves, splash-proof chemical safety goggles and full face shield. Consult the MSDS for further information.

STATEMENT OF PRACTICAL TREATMENT

If Swallowed: Do NOT induce vomiting. Give large volumes of water or milk. Seek medical attention.
If Inhaled: Remove to fresh air. Seek medical attention.
If In Eyes: Immediately flush with water for 15 minutes. Seek medical attention.
If On Skin: Remove contaminated clothing and wash skin contact area with plenty of soap and water for at least 15 minutes. If irritation persists, seek medical attention.

GENERAL INFORMATION—FS CleanSupreme is an approved liquid spray tank cleaner, formulated to bond pesticide residues to the rinse water solution for complete purging. Because rinsate may be sprayed on growing crops it is important to use a spray tank cleaner. FS CleanSupreme is approved for this use.

FOR USE WITH PESTICIDES REGISTERED FOR AGRICULTURAL, FORESTRY, INDUSTRIAL, MUNICIPAL, NON-CROPLAND, ORNAMENTAL RIGHTS-OF-WAY, TURF AND OTHER APPROPRIATE USES.

DIRECTIONS FOR USE—After cleaning procedures have been completed, fill tank with clean water and conduct a rinsate test on the water in the tank. Rinsate tests can be done through laboratory analysis or bioassay. For bioassay testing, apply rinsate to sensitive vegetation and observe treated plant for at least 48 hours. If damage occurs, repeat cleaning process and testing procedures. If no damage is observed, dispose of rinsate in an appropriate manner and resume spraying operations. Do not use the sprayer during the 48-hour observation period. All internal and external rinsate must be contained and disposed of according to state, local and federal regulations.

APPLICATION RATES—Use one quart per 100 gallons of clean water (0.25% v/v).

MIXING INSTRUCTIONS

1. Clean all tanks on a state-approved loading pad so rinsate can be collected and mixed into spray solution or into a dedicated rinsate tank. In-field cleanout, go to step 3.
2. Thoroughly clean exterior of tank to remove dirt and chemical residue.
3. Drain the spray tank as completely as possible. Loosen any visible deposits.
4. Add 50–100 gallons of clean water to the tank and add appropriate amount of FS CleanSupreme. Remove nozzles, screen and strainers and thoroughly clean separately in a bucket, using FS CleanSupreme as the cleaning agent. Rinse with clean water.
5. Ensure agitation and carefully clean the interior of the tank using a 360° rotation nozzle or pressure sprayer. Agitate and circulate for 15 minutes.
6. Flush the cleaning solution through the boom, hoses and nozzles until tank is empty.
7. Drain lines and pump. Dispose of rinsate according to pesticide product label(s) and local, state and federal regulations.
8. Add 50–100 gallons of clean water to the tank, recirculate through entire system. Flush solution through the boom, hoses and nozzles until tank is empty.
9. Drain the tank, lines and pump completely. Remove excess rinsate with a pump or dedicated wet/dry vacuum.
10. Test rinse solution for pesticide residue. If residue free, dispose of according to local, state and federal regulations. If not, repeat step 8 above.

STORAGE AND DISPOSAL—Keep container closed tightly when not in use. Prevent water from being introduced to the contents of this container. Protect product from freezing. Store in original container only and do not reuse empty container. Rinse container thoroughly, disposing of rinsate and the containers in accordance with federal, state and local regulations.

DISCLAIMER OF WARRANTIES—THIS PRODUCT IS SOLD AS IS. EXCEPT WHERE PROHIBITED BY LAW, GROWMARK DISCLAIMS ALL STATUTORY OR IMPLIED WARRANTIES, INCLUDING MERCHANTABILITY, NON-INFRINGEMENT, FITNESS FOR A PARTICULAR PURPOSE, AND WARRANTIES AGAINST HIDDEN AND LATENT DEFECTS. WHERE SUCH WARRANTIES CAN NOT BE DISCLAIMED, THEN ALL SUCH WARRANTIES SHALL BE LIMITED TO THE REMEDIES OF REPLACEMENT OR REFUND.

LIMITATION OF LIABILITY—Except to the extent prohibited by applicable law, GROWMARK shall not be liable for indirect, special, incidental or consequential damages arising from the sale or use of this product, including any lost revenues or profits, consequential and/or incidental damages, business interruption or damage to business reputation, regardless of the theory upon which any claim may be based. GROWMARK's entire liability to the purchaser shall not exceed the purchase price actually paid by the purchaser.
